

Parking Lot Is Assured; Study Made Of Lights

Reg Smart Reveals Plan To Relieve Street Parking

Assurance that Truckee will have an adequate parking lot this summer was given by Reginald Smart before a meeting of the Chamber of Commerce Tuesday night at Brown's Cafe.

Smart, who assumed the responsibility for procuring the lot, reported the property owned by Mrs. Sam Costa in the rear of the east end of the business section is being made ready for parking. The cost to the chamber will be \$50 per month and the time it will be required will not exceed eight months.

The lots will be graded and gravel surfaced with Contractor G. E. Lewis donating required equipment for the project. Smart also said that a plan to light the parking area at night is being studied.

It was pointed out that the lot will not only provide a centrally located parking area for Truckee store owners and employees, many of whom now use the main street, but will also be used by shoppers and others at no cost.

Last summer many local business men pledged themselves to use the lot in event it was prepared and thus leave more spaces along the main street for out of town shoppers and tourists who have been unable to stop here because of the congestion of cars lining the thoroughfare.

The chamber is sponsoring the parking lot plan and has had the matter under consideration for several years.

TRUCKEE TEAM SLATED TO MEET FALLON SATURDAY

The baseball game scheduled between Tahoe-Truckee High School and the Lassen High School at Susanville for this week was postponed because of the storm until May 5, Coach James Brehler announced.

The local boys lost two games last week, the first to Reno high on Saturday by a 21 to 4 score in seven innings and the second to Yerington 16 to 3 in nine innings.

A game is scheduled here Saturday afternoon with Fallon in event the weather and grounds permit. The Tahoe-Truckee team is showing much better than at the first of the season, Brehler said, with Bob Sanford developing into a good nine-inning pitcher.

Brehler and George Bergen, the school principal, attended a meeting of the Western Nevada conference in Reno last Sunday and permission was granted for Truckee to enter the league along with Reno, Fallon, Yerington and Susanville as a major sport. More teams will be added next year, it was indicated.

Hitting honors, in the games played last week, were well scattered with Phil Ebe getting top place with 2 for 4 in the Yerington game.

AUTHOR SPEAKS AT LIONS CLUB

Hans Whitney, author of the book, "Guest of the Fallen Sun," who spent 1436 days as a prisoner of the Japanese during the war and who is currently employed by the Stockton Box Company, spoke on his prison experiences at the meeting of the Lions Club last night.

Low Baysinger was inducted as a member of the club and Robert Cain was a guest.

AWARD MADE IN SUMMIT ACTION

A jury in superior court at Nevada City last week awarded Dennis and Muriel Jones \$15,000 from the Pacific Gas and Electric Company because the latter ran a 790-foot power line across property of their at Soda Springs. The jury deliberated over six hours after having heard eight full days of evidence.

Judge Ben Culler of Susanville presided at the trial. The Joneses had asked \$150,000 for the property and damages.

ERVEN JOHNSONS PARENTS OF BOY

Charles Tague arrived at Tahoe Forest Hospital Wednesday morning, April 29, the first child of Mr. and Mrs. Erven Johnson. The lad weighed a husky 8 pounds and 13 ounces and is the grandson of Mr. and Mrs. Harry L. Smith of Truckee and Mr. and Mrs. Tague R. Johnson of Denver, Colo. Dr. G. A. Hahn was the attending physician.

Postmasters Hold Local Session To Discuss Service

The postmasters of the Sierra-Lake Tahoe Region held a dinner meeting at Donner Lake Lodge on Friday night, April 24, with 22 postmasters and their guests attending. This was the first meeting of the group for the year. Mrs. E. C. Bavier, postmaster of Truckee, was hostess.

A round table discussion of post office procedure followed the dinner.

Mrs. Carol Howard, postmaster of Kings Beach, on behalf of the group, presented a gift to Postmaster and Mrs. Oliver Corona of Tahoe City, who were married since the last meeting of the group.

Chief Paul Erlitz of Donner Lake Lodge decorated a large cake for the dinner to represent an air mail envelope.

Those present were Mrs. Griffith and Mrs. Mann of Colfax, Mrs. DeShields and Mrs. Rarher of Baxter; Mr. and Mrs. E. B. Quinn, Dutch Flat; Mr. and Mrs. Arthur Couillard, Soda Springs; Otto Frederick, Norden; Mr. and Mrs. Oliver Corona and Mrs. Katherine Corona, Tahoe City; Mrs. Lucille Huega, Lake Forest; Mrs. Marjorie Fellows, Carnelian Bay; Mrs. Carol Howard, Kings Beach; Mrs. Vera Wood, Crystal Bay; Mr. and Mrs. Ray Matcham, Tahoe Pines; Mrs. Claire Larson and Miss Larson, Stateline; John Phillipson, Tahoe Valley; Mrs. Elizabeth C. Bavier, Truckee.

The next meeting of the group will be at the Wagon Wheel at Stateline in May, with John Phillipson as host postmaster.

ART EXHIBIT AT SCHOOL; PRIZES ARE GIVEN MANY

An art exhibit, sponsored by the Wyethia Club, is being held at the Truckee Elementary School this week with first, second and third award ribbons being given in each grade by the women's club.

With William Englehart Jr. acting as judge, the following pupils were named in order: Kindergarten: Sheila Barrett, first; Marcia Leamon, second; Dennis Cummins, third. First grade: Valerie Crew, Sara Van Sickle, Betty Baysinger. Second grade: Linda Elf, Gene McGihon, Virginia Barnes; and finger painting in that grade, Pamela Rose, Gary Brines, Kathryn Barrett.

Third grade: Dennis Chaney, Martin Johnson, Gene Miller. Fourth grade: Varian Frey, Norma Porter, Fred Cummins.

Fifth grade: first award went to Merrill Englehart and Jimmy Loynd, second to Tura Kaylor and Susan Scow, third to Margaret Steele. Sixth grade: Allan Young, Dorothea Frey, Rosalie Frates completed the award winners.

DAMAGE GRANTED IN TAHOE SUIT FOR LARGE SUM

AUBURN—Dorothy Drew, Benicia school teacher, last week was awarded an \$18,000 damage verdict in her superior court lawsuit against the May-Ah-Mee Lodge at Lake Tahoe and James Ensign and Philip Purdy, operators.

She had asked \$125,000, claiming injuries she sustained in a fall at the lodge resulted in her being unable to continue her teaching profession. The jury which heard the four-day trial deliberated three hours before handing their verdict to Judge Lowell L. Sparks.

MRS. CROSS TELLS OF SOUTH TRIP

Mrs. C. B. Cross of Tahoe City Tuesday morning gave sixth grade pupils at the Truckee Elementary School a very interesting account of her trip to The Argentine on a ship this winter. Since they have been studying about this country, the young people found the talk very enlightening.

In the near future, Cecil Edmunds of Truckee Public Utility District office will be invited to give a lesson on reading electric meters and how to figure electricity charges.

Charles Ed Smith observed his 18th birthday April 26.

Storms Continue As Precipitation Goes Over Normal

Sixteen Inches of Snow In This Area From Storms

If this area doesn't have a drop of moisture during the entire month of May—a very unlikely prospect—the seasonal precipitation will still be over normal on June 1.

This fact is a result of the recent unseasonably heavy snow and rainfall which occurred during the week, leaving a total of 3.34 inches of precipitation.

The U. S. Forest Service reports ten inches of snow on the ground here this morning from the 16 inches which fell during the week. Total precipitation for the season to May 1 is 27.51, while the normal for that date is 25.59 inches, the forest service said.

This week's storm was general over the entire coast and far inland. Forest service officials hailed it as a benefit to the drying wooded areas. The chain control over Donner Summit was in effect most of this week and several accidents were blamed on slippery highways.

LOCAL WOMAN'S FATHER IS DEAD; PROBE LAUNCHED

Mrs. Greg Browne was called to Oakland by the death of her father, Harrington S. Jenner, 82, whose body was found floating in the Estuary last Thursday.

Police have been investigating the circumstances as the deceased had left home with \$1,000 government bond and a \$61 Social Security check to deposit in the bank, according to friends. The valuables were missing when he was found and the bank is to be checked for information.

No marks of violence were noticed and Jenner had undergone recent surgery. He was a retired printer and a member of the Society of Writers and Poets. Funeral services were held in Oakland on Saturday. Beside Mrs. Browne, Mrs. Ruby Hartson of Concord is also a daughter.

BORNEMAN WILL REMAIN IN AREA UNTIL AUGUST 1

Game Warden Tom Borneman was advised last week that he has been granted a 90-day extension on his bid to remain in the Truckee area and will not report to his proposed new post at Stockton or Isleton until August 1.

At the same time, the order sending Warden Gilbert Berg to Truckee to replace Borneman was temporarily countermanded.

Borneman was pleased with the temporary change in plans and hopes that by the time for his departure another change will be made to permit him to remain at Truckee.

The Byrnes bill, which would have prevented the fish and game department from switching wardens from one spot to another, died in committee yesterday in the state capitol.

FORGERY SUSPECT IS NABBED HERE

Wray H. Canning, 24, Jackson, Miss., was taken into custody Monday by Constable N. F. Dolley and held for Sheriff Harris of Elko, Nevada. Dolley said he was advised the young man was wanted on a forgery charge although the prisoner denied any implication.

CASE CONTINUED

The preliminary hearing of Dr. Joseph B. O'Neil on a charge of illegally prescribing narcotics was continued until May 9 from last Saturday by Judge F. W. Wilson in the Truckee Judicial District Court.

License for Tahoeites—Charles T. Wisdom and Billie Jewell Holbrook, both of Tahoe City, were issued a marriage license at Reno this week.

Sun Beams

by WALTER BARRETT

Efforts of the Chamber of Commerce to provide an ample parking lot for cars which ordinarily use the main street for this purpose should meet with wholehearted support and cooperation. In the past many cars which ordinarily would have stopped here for shopping have sped on through town for lack of a parking space. We do not think the parking problem here unique by any means, as most thriving towns and cities are faced with equal or more pronounced difficulties but if the situation can be eased through establishment of an off-street parking space, everyone should benefit—the merchants as well as the car operators.

More and more local people are finding that trading at home pays dividends not only in money actually saved but in making this a better community through support of local industries. There are, of course, still many with an idea they are benefiting by catalog shopping or buying in distant places. A little thought and calculation, however, will prove this an error in a majority of cases. We sincerely urge trading at home as a means of developing a better community.

NEW EQUIPMENT AT LAUNDRY AS SERVICE IS ADDED

Keeping abreast of the demands of a fast growing community, Mr. and Mrs. Nat Quilici of Fontana's Laundry have just completed installation of a huge flat work ironer which more than doubles the capacity of this department. At the same time they have installed a new, modern washing machine to replace one which had been in service at the plant.

The new ironer replaces a smaller type which had been used. It has a series of steam heated rollers, augmenting another group of padded asbestos covered rolls through which flat work progresses before reaching the folders.

The laundry owners this week are also announcing a free moth-proofing process which is applied for garments and other materials which are to be stored for the winter. The new Fumol process with chlorophyll eliminates the necessity for packing, spraying or wrapping.

HELLER IS ONLY BOARD ASPIRANT AT LOCAL VOTING

As far as can be determined, there will be no opposition to the candidacy of Charles R. Heller at the election of the Truckee Public Utility District to be held here Tuesday to name a member of the board of directors.

Heller is the incumbent member of the board and the only candidate to file. Polls will be open between 7 a.m. and 7 p.m. at the Truckee fire station May 5 and everyone within the district eligible is urged to cast their ballot, thus indicating their interest in the district.

Serving on the election board will be Lucile Bick, Laura Horman, Dorothy Leamon, Elizabeth McKay, Irene Risden.

WOMEN, GIRLS TO AID IN ROLL CALL

Members of Pythian Sisters Temple 79 and Donner Council, Sunshine Girls, are requested to wear formal gowns for the 50th annual roll call of the Summit Lodge 54, Knights of Pythias, which will be held at 8 p.m. in the IOOF Hall on May 9.

Mrs. Hazel Roberts, chairman of publicity, said the two women's organizations will be present in a group.

Officials Here—District Attorney Vernon Stoll and Court Reporter Miles Coughlin were visitors in Truckee from the county seat Saturday.

20-30 Conclave Program Made By Local Group

Delegates Are Due Here From Wide Area Saturday

Preparations are nearly complete for the two-day annual Spring Convention of the 20-30 clubs of this district to be held here Saturday and Sunday.

Delegates and visitors are expected from all ten clubs in the district which includes Ely, Winnemucca, Hawthorne, Sparks, Reno, Carson City, Yerington, Minden, Bishop and Truckee.

Jack Ellis is heading the arrangements program committee with Kenneth Hedlund, Tom Paterson, Al Koolhof and Paul Archer, with Hugh Smith as the program director.

The affair will start with a banquet at 7:00 Saturday night at Donner Lake Lodge. Following this a show featuring local talent, dancing and other entertainment will be presented.

Sunday at 9 a.m. the educational program will be featured and the election of officers held. The ladies in the meantime will enjoy breakfast and a ride in the chair lift at Squaw Valley.

William Frey is president of the host club and Harvey Hocker is the district governor. Each will play an important part in the planned program.

CUB SCOUTS WILL BE HONORED AT TUESDAY SESSION

Eighteen Cub Scouts will be presented with Bobcat pins and badges and take part in the demonstration of their laws and promise at a pack meeting to be held in the Veterans Memorial Hall between the hours of 7:30 and 9 p.m. on Tuesday, May 5, according to Mrs. James Walker, Den Mother.

The meeting scheduled for April 28 was postponed because of Public Schools Week. Parents of the young boys are urged to attend the affair and lend support to the program and to their children.

Highway Patrol Officers Martin Sturcke and Roy Stallard will judge posters made on the national safety drive and the Wyethia Club will present an award to the winner.

Den Mothers Mrs. Walker, Mrs. Robert Leamon, Mrs. William Englehart Jr., Mrs. Reg Smart, Mrs. Fred Pedley will assist Harvey Hocker and the 20-30 Club, sponsors of the Cub Scouts.

WILLIAMSON IS NAMED PRESIDENT OF DONNER CLUB

SODA SPRINGS—Max Williamson was elected as president of the Donner Community Club Tuesday night at the combined meeting held in the Donner Trail school house when club members were host to parents at an open house from 7:30 until 9:30.

Williamson replaces Edvi Aro as head of the organization. Mrs. Carline Helgren is the new vice president; Mrs. F. Wofford, secretary, and Bert Bacon will be treasurer for the coming year.

New directors are Sherman Reams, Goldie Rowton and Christine Nauss. Refreshments were served at the close of the meeting.

An outline of the new program for the Donner Community Club will be made at a special meeting of officers and directors Tuesday, May 5, in Crampton's Lodge.

TONY POLYANICH BACK FROM TRIP

A. B. "Tony" Polyanich of the California Cafe returned this week after a visit of several weeks in Europe. Although he enjoyed the trip, which took him by air from Paris, over the Alps into Yugoslavia, Polyanich said he is really happy to be home again.

The thing that made the greatest impression on him was the fact that there seemed to be large quantities of consumer goods in the stores of Europe—priced far out of proportion to the income of the average citizen.

Health Clinic Is Conducted Here For All Schools

The doctors and dentists of the Tahoe-Truckee area, in cooperation with the school nurse, Mrs. Charlotte Patnoudé, and members of the Parents and Teachers Association, and the faculty of the school district, have conducted free dental and physical examinations of the children in the elementary and high schools.

These examinations are in addition to the regular eye examinations and hearing tests which have been conducted for some time in the schools. The parents of the children have been cooperative in their response to the preparation for and conduct of the examinations.

Dr. George Hahn, Dr. H. M. Holmes, Dr. Jose Nessim and Dr. Oliver Scow were assisted by Mrs. Dinty Moore, Mrs. Leonard Bury, Mrs. Max Porter and Mrs. Martin Spitsen of the Tahoe Lake PTA; Mrs. Kay Felte, Mrs. Ann Mason and Mrs. Fred Clayton of the Kings Beach PTA; Mrs. Bruce Quarterly, Mrs. Daven Morey and Mrs. J. H. Newsham of the Truckee Elementary PTA.

It should be noted, school authorities pointed out, that while these examinations prove invaluable help to discover the children who need further attention, they do not take the place of a more minute and accurate examination at a doctor's or dentist's office. It would be impossible to carry the necessary equipment to the various schools to do the same type of examination that is done in a medical advisor's office, they stressed. Parents will be notified of recommendations from the doctor or dentist.

CHAMBER URGES FAIR HEARING IN TELEPHONE CASE

Without supporting or opposing a proposed Pacific Telephone Company rate increase in California, the Truckee Chamber of Commerce Tuesday night went on record as favoring an impartial hearing by the Public Utilities Commission of California.

It was pointed out by Howard J. Newsham, local company manager, that his firm hopes to present its case on its merits alone and be guided by the decision of the commission, but asked the support of the chamber in securing this unbiased hearing. Newsham did not ask the chamber to take issue in the case one way or another.

LLOYD GREENES HAVE NEW STORE

Word from Mrs. H. H. Hull at Sebastopol this week reveals that Mr. and Mrs. Lloyd Greene, former well known Truckee residents and once owners of what is now Heller's Variety Store, have purchased the Mode O'Day store at Santa Rosa and after a ten-day closing, during which they renovated the store, had a grand opening Thursday, April 23.

Mr. and Mrs. Greene left here for Sebastopol eight years ago and since then have managed the Sproule-Reitz store there. Their many friends here will join in wishing them success in their new venture.

FOUR ACCUSED AS WETBACKS HELD

Four Mexicans accused of illegal entry into the United States were being held here Monday following their apprehension by State Patrolman Roy Stallard. The four were en route to Oregon, they advised the officer, to work in the sugar beets.

One of the four has lived at Stockton for the past three years and is the father of eight children. Immigration officials were notified and will dispose of the case.

BACK ON DUTY

Airman Third Class Marvin Parkhurst, after an 18-day furlough spent at the home of his mother, Mrs. Mary Parkhurst, left Saturday for Camp Stoneman where he will report for overseas duty with the Air Force.

Tahoe Man Is Low Bidder On School Project

Subcontractors Are Named As Award Is Let For Contract

Charles C. Warner, Tahoe City building contractor, has been awarded the contract for constructing the new addition to the Truckee elementary school with a bid of \$40,470.

Six bids, ranging from Warner's low to \$50,990 submitted by G. S. Herrington of Auburn, were opened by the governing board of the Tahoe-Truckee school district at a meeting Tuesday night.

As previously announced, the new structure of 2640 square feet will be erected to join the front of the present building and will house two modern classrooms to replace the necessity of using the old, antiquated brick building which for years housed the local high school. The latter building will continue to be used for school purposes, W. A. Loynd, president of the board announced, but not for holding classes.

Other bids submitted at Tuesday's meeting included Ted F. Merrill, \$43,741; John Shreck, \$45,884; Rex Jensen, \$45,450, and Waterbury Construction, \$45,000.

The architect on the building is Gordon Stafford of Sacramento, who designed the new high school plant here.

The board expressed approval that a local contractor secured the job.

Warner announced his subcontractors, who will include W. J. Urech, Homewood, plumbing; Floyd Carnell, Tahoe City, painting; Jenkinson Electric, Tahoe City, wiring; Alpine Glass Co., Reno, glass and glazing; Tyler, Reno, plastering, and Sierra Mill, Sacramento, millwork.

ACCIDENTS ARE REPORTED DURING DISTRICT STORMS

Only one man, A. J. Anderson, 45, Reno, was injured when five cars piled up in a collision seven miles east of here Wednesday evening. Three of the five, Anderson, William Kuroki, Denver, and David Pirkley, St. Helena, were cited for following too closely, and another, Robert Shay, was cited for being on the wrong side of the road.

Patrolman William Gautsche made the investigation.

Mrs. Helen Butterfield and Leona Willson, both of Walnut Creek, were injured when a car driven by Raymond Butterfield left the highway near Rainbow and was wrecked. The injured were taken to the Auburn hospital by Truckee ambulance.

Edward Binney, Klamath River, and Kenneth Foster of Truckee escaped injury when their vehicles collided on the Tahoe highway Wednesday morning. Patrolman Martin Sturcke investigated the latter two mishaps.

Robert Anthony D'Arezzo, 24, Berkeley, escaped injury when the car he was driving went out of control and left the road 1 1/4 miles west of the foot of Donner Grade. He was cited for violating the basic speed law and for not having his car under control by Officers Sturcke and Roy Stallard. The accident occurred about 9 p.m. Friday.

BLANKES PARENTS OF SON BORN HERE

Mr. and Mrs. Vernon Blanke of Truckee are parents of an 8 pound, five ounce son born at the Tahoe Forest Hospital at 12:29 o'clock Saturday afternoon, April 26. The name of the new boy was not immediately learned. Dr. George Hahn was the attending physician.

FORMER TAHOE MAN SUCCUMBS

John Borzone, 63, for over 30 years in charge of the fishing boats at Tahoe Tavern, passed away last Friday at the home of his sister, Mrs. Mary Firpo, at Oakland. Funeral services were held in that city Monday.

Borzone left Lake Tahoe shortly after the outbreak of World War II to go into defense work in the bay area and had lived there ever since.

He was an uncle of Nace Firpo of Truckee.

DRIVER IS HELD FOR HIGH COURT

Daniel Winnefred Lovinger of Oakland, arrested April 21 on a drunk driving charge, was held to answer in the superior court following a preliminary hearing before Judge Foster Wilson here last Saturday. A prior conviction in the Alameda County court was charged.

NORTH TAHOE

by THELMA BURROUGHS

Strange, isn't it, that Bonnie and Bill Bates come back from Missouri each year in a good old fashioned snow storm? It is good to see the lights at Horseshoe Lodge again.

Mrs. Bob Hobbs went from the Tahoe Forest Hospital this week to a hospital in San Francisco, only remaining in Tahoe Vista a short time before leaving for the bay city.

It was reported that Jerry Cornell and Tony Gallerani have taken over the Log Cabin and will operate it this summer.

The shutters are coming off the North Shore Club at Crystal Bay Hill. Era and Mel Miller are working around prior to opening for the summer.

Charles Brown of Reno is expecting to operate Village Corner this year and with Ace Abbott and P. M. Burroughs unsuccessfully fished on the Nevada side during the bad weather. It is easier to catch pneumonia than the finny creatures.

Dick and Lou Boyce and children, Mary and Jim, were up from Menlo Park, the men returning to work and school, while Mrs. Boyce and daughter remained for the

WOULD ABANDON TAHOE STREET

PLACERVILLE— Abandonment of a portion of Riverside Avenue, Al Tahoe Townsite, Lake Tahoe, will be given a public hearing on June 8, El Dorado County supervisors announced Tuesday. The petition was presented by O. R. Martin, who said the property affected is 100 feet long and 40 feet wide.

Jeane Pierre Blanchard made the first balloon ascension in the United States January 9, 1793.

week to visit.

Virginia Liepert has come up from southern California and is resuming her business here.

Donna and Bill Lincoln and infant son, Dennis, of Merced arrived to visit The Burroughs on Wednesday.

Mr. and Mrs. A. J. Ketman of Menlo Park are returning to their Carmelian Bay-place for the summer.

Ruth Stelzriede is again living at Kings Beach, after having been employed in Truckee for the past several months.

Mr. and Mrs. Fred Manley are expected to arrive at Lake Tahoe this week from Hollywood, where they will remain until late in the season.

TRUCKEE AND LAKE BOYS WINNERS OF CAMPOREE HONORS

The annual Camporee of the Tahoe Area Council, Boy Scouts of America, held last Saturday and Sunday at Lake Combie was participated in by 600 Scouts and leaders, representing 30 Boy Scout troops in Placer, Nevada and Sierra Counties. This represented the largest turnout in the history of the council.

The camporee was under the supervision of Don Knowlton of Nevada City, state ranger with the California division of forestry. He was assisted on the committee by Bruce Foreman, Larry Monian and Charles Everhart of Nevada City and by Scout Executive Raymond J. Ewan and Field Executive Del Raby.

The Grass Valley-Sierra Nevada District was host to the other three districts of the Tahoe Area Council in the weekend camp on Burt Robles' ranch at Lake Combie. The camporee was a demonstration of patrol and troop camping, with each patrol competing against national camping standards. The 30 troops and 80 patrols participating in the camporee were rated on their camping proficiency, organization and observance of the Scout ideals by the Scoutmasters, assisted by members of the Tahoe National Forest ranger staff and the California division of forestry.

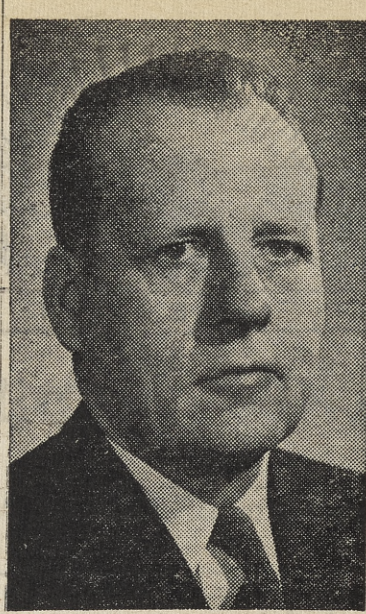

A large campfire program was held Saturday evening. Songs, yells, skits by patrols and individual stunts comprised the program.

Church services were held Sunday morning at the camp for boys of Protestant faiths by Rev. John A. MacDonald of Nevada City. The Scouts of Catholic faith attended Mass in Grass Valley.

Other activities Sunday included a large adventure trail, participated in by individual patrols. The adventure patrol is a series of projects on Scouting skills set along a course, along which progress depends on the patrol's knowledge of Scoutcraft.

Participating troops and their Scoutmasters, with awards earned, included from the Tahoe-Truckee District Troop 7, Truckee, Clarence Osburn, Camping Troop, President's Award, Pioneer Citation; Troop 27, Tahoe City, Paul Griffith, Camping Troop and President's Award; Troop 31, Kings Beach, Explorer Advisor Max Krueger, Camping Troop, President's Award and Campercraft Citation.

Fifteen boys from two patrols of Troop 7, Truckee, attended. The

TIMBER STAND NEAR LAKE NORDEN TO BE SOLD MAY 26

NEVADA CITY— Plans to sell 6,000 thousand feet, board measure, of timber from 950 acres south of Lake Van Norden were announced this week at Nevada City headquarters of Tahoe National Forest.

Sealed bids will be opened by Forest Supervisor Guerdon Ellis at 2 p.m. Tuesday, May 26.

The timber to be sold is composed of ponderosa, sugar, western white and lodge pole pine, white and red fir and incense cedar.

In addition, there is an estimated 150 thousand board feet of timber on steep ground in the area, which may be cut by agreement between the purchaser and the forest service.

ALASKA TIMBER

The extensive forests of the Pacific Mountain region of Alaska contain about 75 billion board feet of timber.

senior patrol leader was Bob Trask while Ken Osburn and Ray Roberts led the Apache Patrol and Jimmy Harris and Joe Montano led the Pine Tree Patrol. Other Truckee boys in attendance were Larry Reid, Billy Cadjew, John Firpo, Frank Borden, Stan Stock, Allan Young, David Eaton, Dale Eaton, Joe Wallace and Harold Brown.

AUSTRIAN, NORSE, YANKEE BOY 1, 2, 3 IN BELT RACE

NORDEN— Christian Pravda, twice national ski champion in his native Austria and now skiing for Sun Valley, Ida., won the top honors in the 11th annual Silver Belt ski races Sunday at Sugar Bowl.

The Austrian Olympian surged down the course from Mount Lincoln across the headwall at Sugar Bowl, in one minute, 15.3 seconds to lead the other 28 men skiers by almost five seconds.

Sun Valley's Janette Burr won the women's event in 1:29.3. Miss Burr was a member of the 1952 U. S. Olympic ski team and is considered a strong contender for 1954 FIS honors. Her win, a second, gives her two legs on the coveted Silver Belt trophy, having won before in 1950. The trophy will go to the skier—man or woman—who wins three legs first.

Guttorm Berge, Norwegian ace, missed the third leg by placing second to Pravda. Berge is skiing for Middlebury College, Vermont, and had won the Silver Belt race in 1950 and 1951.

A flashy young American—Dennis Osborne, 18, of Leavening—provided the upset of the meet by finishing third in 1:22.4, to top Olympians Dick Buek, Darrell Robison and Jack Reddish. Buek finished a tenth of a second behind the youth to nail down fourth. Robison, in 1:27.0, was 11th and Reddish was disqualified.

Youth continued to have its way with the flashy fifth place finish of Max Marolt, 17-year-old Aspen, Colo., boy who was handicapped by a spill near the finish. In spite of the tumble, the recent junior competitor was clocked at 1:23.2.

Finishing two and three behind Miss Burr in the distaff run were Jerry Devlin, Lake Placid, 1:47.1; Sally Neidlinger, Hanover, N. H., 2:02.3.

SIERRAVILLE FIRM BEST BIDDER FOR NEARBY TIMBERS

Guerdon Ellis, supervisor of the Tahoe National Forest, reports the sale April 20 of 4,740,000 board feet of timber on 450 acres to the Sierraville Lumber Company for milling at their plant two miles northwest of Sierraville. The timber is located five miles southeast of Sierraville.

Work is in progress on an offering of around 10,000,000 feet on Treasure Mountain, south of Sierraville. Approximately 35,000,000 feet will be harvested from sales made prior to this year. It is estimated that the total "harvest" of Tahoe National Forest timber for 1953 will exceed 60,000,000 feet.

SHOE REPAIR by Experts

Good shoe repair requires expert workmanship and high quality materials. That is what you get at Truckee Shoe Shop; plus the saving you make on the reasonable low rates.

One of the most important factors in getting the most wear from your shoes is to make sure that the repair work is done as soon as it is needed. The cost will be less and you'll get a better job. Don't put off shoe repair!

SOUTH TAHOE FOLKS SELL RESORT TO COAST AREA GROUP

TAHOE VALLEY—Mr. and Mrs. John S. Lawson of Tahoe Valley have concluded negotiations for the sale of their resort, Lawson's Lodge, to Mr. and Mrs. Robert J. Bisnet and associates of Monterey for \$100,000.

Lawson, judge of the judicial district court in the south Lake Tahoe area, announced the transaction is slated to be completed in Sacramento May 5.

Associated with the Robert Bisnets will be Mr. and Mrs. Bernard J. Bisnet and Mr. and Mrs. F. Neil Groudon, all of Monterey.

Judge and Mrs. Lawson purchased the five acre tract, located in Tahoe Valley, 26 years ago from William Barton and at that time,

BIDS BEING SOUGHT FOR NEW SCHOOL

Bids for the construction of a school building at Zephyr Cove, Lake Tahoe, will be received by the board of trustees of the school district on the Nevada shore of the lake until 8 p.m. May 15.

Invited to bid on the construction work are general contractors who are licensed to do business in Nevada. Plans and specifications for the building are available to qualified potential bidders from Edward S. Parsons, Reno architect.

Lawson reports, the only structures between there and Stateline were at Al Tahoe and at Bijou.

They developed the resort to include a store, coffee shop, service station, dining room and 17 tourist cabins.

CRYSTAL CREAMERY

KITCHEN TIPS

FROM THE CRYSTAL MAID

A Tuna Scallop that has a gentle way with the budget, yet is a hearty family dish with so much flavor it can be served with pride, wins a \$5.00 package of Crystal "REALLY farm fresh" dairy foods for Mrs. Rose Hecker of 52nd Street, Sacramento. Be sure to send in your best recipe or suggestion for using Crystal Foods in meal planning. It's fun to help write these columns and every idea that's used wins a \$5.00 Crystal Package!

TUNA SCALLOP

4 cups thinly sliced raw potatoes
8 tbs. Crystal Butter
1/2 cup flour
2 tbs. prepared mustard
1 tsp salt
1/2 tsp. pepper
2 cups Crystal Milk
1 cup thinly sliced onions
1 7-oz. can flaked tuna
Cook sliced potatoes in boiling, salted water 10 min. Drain. Melt Crystal Butter, stir in flour, mustard, salt and pepper. Add milk gradually, while stirring, and cook over low heat until smooth. Arrange potatoes, tuna and onions in alternate layers in greased 2-qt. casserole. Pour the cream sauce over all and bake in a preheated 375 deg. oven 45 min. Makes 8 servings.

For a special between-meal treat serve Crystal Cottage Cheese in a colorful dish with shaved maple sugar and sauce it with thick Crystal Cream. This is an especially good dish for those growing guys with the bottomless appetites because the Crystal Cottage Cheese provides the protein they need.

We all like to get a bonus—something extra for our money—and that's what you get with every quart of Crystal Vitamin D Milk. It's a health bonus for children and adults—400 units of Vitamin D in every quart. And we're proud that it has the A. M. A. Council on Foods and Nutrition Seal of Approval. But what your children will like best is the rich, creamy flavor of Crystal Milk.

Crystal Cottage Cheese is double-fresh—it's made fresh every day, delivered fresh every day. That "Really farm fresh" flavor makes the difference. That's why Crystal Cottage Cheese has been a Gold Medal winner, year after year.

"It tastes like candy... It tastes like more—it's Crystal Butter Car-A-Mel Ice Cream."

TO YOUR HEALTH KEEP IN CIRCULATION

Column Sponsored by
MRS. MARIE HENRY
Tahoe City, Member of the Placer
County Board of Health

Not so many years ago, if you had high blood pressure, or hypertension, the doctor told you to go to bed and stay there. Today, instead of giving up, you can learn to live with the condition. With good medical care and sensible living habits you will probably carry on comfortably and usefully to a ripe old age.

Hypertension affects about one out of every five adults. It is usually a mild condition in which the blood pressure remains more or less constantly at a high level. Because of a narrowing of the small arteries, the heart has to work harder than it should to keep the blood circulating at a normal rate. Under this strain, the heart muscle enlarges. The danger is that hardening of the artery walls, or arteriosclerosis, may take place

and, finally, the closing of some of the blood vessels.

There is no single method for preventing the usual type of high blood pressure. In some cases hereditary, in others it is the result of a disease, such as kidney disease. Being overweight may increase the chances of developing high blood pressure. Maintaining average or slightly below average weight is a wise precaution and is especially important for people with a family history of high blood pressure.

Although there is no specific treatment for hypertension, surgery, drugs, psychotherapy, and special diets are being used where indicated with encouraging results. Because there may be no visible signs or symptoms of the condition, it is important to have a regular check-up by your family doctor. If you do have high blood pressure, you want to know it. By following advice you can "keep in circulation" with less risk of serious heart disease.

FISHERMAN'S LUCK MONTH AT LAKE OPENS ON SUNDAY

TAHOE CITY—Everything is in readiness for the first annual "Fisher's Luck Month" at Lake Tahoe from May 2 through the 30th.

"Fisher's Luck Month" is sponsored by the Lake Tahoe-Sierra Chamber of Commerce as a means of better acquainting anglers from other places with the good fishing in Lake Tahoe and to collect data valuable to the chamber and to the fish and game departments of California and Nevada.

A booklet, numbered with detachable stub and coupons for each day of the month, will be in the hands of all angling license agents and at piers where boats are rented. The coupons will give rules and questions the angler must answer when he turns in a coupon for the day on which he fishes. The questions pertain to length, weight, variety of trout or the kokanee, and a number of other questions fish culturists have asked. They want to know what the fish are feeding on, their condition (lean or fat), and other data which will enable them to improve propagation and stock.

Of special interest to all are the kokanee, a land-locked salmon, planted in the lake four years ago and expected to provide good catches this year.

To encourage all anglers to register and receive the booklet, the chamber will give away worthwhile prizes. A barbecue is scheduled for the evening of May 30—the closing

PINE PRODUCTION STILL GAINING IN WEST STATES

SAN FRANCISCO—Pine lumber production for the week ended April 11 totaled 82,178,000 feet, the Western Pine Association reported this week on the basis of figures supplied by 107 mills. The report covers ponderosa pine, sugar pine, Idaho white pine and associated species.

Production figures continue to climb as the season advances, although the increase over the preceding week's production of 61,440,000 feet was not spectacular but showed a good increase over the corresponding week last year when a total of 53,079,000 feet was reported.

Orders for the week were 65,975,000 feet and shipments 66,695,000 feet.

day—when the drawings will be held. Of these prizes, ten may be won by a registered angler whether present or not. The Ol' Hack Award, named after the lake's legendary giant mackinaw, the Junior Hack for ages six to 16 and the Liars' awards will go only to registered anglers present at the drawings.

Local members are not eligible in the general field of prizes but membership awards have been provided.

A number of sports writers, who will be chamber guests for the first two days of fishing, and visiting fishermen will be entertained at a cocktail party the evening of the opening day at Cal-Vada Lodge, Crystal Bay.

SKI PATROL SCHOOL 19-HOUR COURSE IS HELD AT SQUAW

TAHOE CITY—Eugene Williams, chief instructor and regional chairman of the National Ski Patrol system of southern California, held first aid classes at Squaw Valley Monday through Friday of last week. Nineteen were registered in the classes.

There were ten hours given on ski safety and ten on advanced skiing. Nine skiers passed, out of the 19 registered. The instructor said the failure of the ten who didn't pass was due to their lack of attendance. Those who passed included Joe Marillac of Squaw Valley, James S. Clausen and John Neal of Berkeley, Lutz Aynedter of Bridges, Calif., a member of the Edelweiss Ski Club, Tom Van Hempt of San Gabriel, Oddvar Had of Baldwin Park, Dave Garritson of Yosemite and Bob Samples and son Jack of Stockton.

Williams said it had required eight years of repeated practice and experimenting for himself and instructors with him to work out a standardized ski instruction technique so that anyone taking it would know its standard course. Williams reported here to Mrs. Marie Henry, American Red Cross representative, with his credentials. He used some of her first aid equipment.

He expressed appreciation for marvelous assistance given him here, saying he had been royally treated and received perfect cooperation, beside greatly enjoying the beautiful spring weather. Squaw Valley lodge officials were hosts to the ski instructors during their stay and in the valley as well as at Tahoe City they made many congenial friends.

RABIES CONTROL BILL DIES

SACRAMENTO—(CNS)—Senator George Hatfield's bill, intended to control the spread of rabies by controlling the running of wild and domesticated dogs has been scrapped by the senate agricultural committee.

Malcolm H. Merrill, deputy director of the state department of public health, testified the bill was necessary to transform the "hodge podge" of local rabies-control programs into a uniform statewide program.

The bill was opposed by John Gilchrist, representing Humane Affiliates.

NOT SO COLD

Seventeen of the 25 weather stations on the Pacific Coast of Alaska have never recorded temperatures lower than the St. Louis minimum of 22 degrees below zero.

CHANCES ARE GOOD FOR CHANGES IN BUILDING CODE

TAHOE CITY—That the proposed amendments to the present Placer County building department requirements in unincorporated areas have a favorable chance of passage was reported by C. W. Vernon. He, with Asa Abbott and P. M. (Mac) Burroughs of Kings Beach and Tahoe Vista respectively, attended the joint meeting of the Placer County board of supervisors and the county planning commission last Friday, May 24.

Vernon said the amendments, if adopted, will correct some of the present faulty building and add regulations on installations of plumbing and electrical wiring. All, he said, are designed as a protection to the owner, current or potential.

Most discussed, Vernon said,

were fees for building permits and inspections to follow that the building department may be self sustaining. Members of the Placer County Taxpayers Association attended the meeting.

It was the consensus of opinion that a second building inspector and the present part-time secretary could effectively operate the department without any general tax levy. With a full-time secretary, it was pointed out, Robert Watson, present building inspector, could give his full time in the field. Watson said he now has no time for inspection and original plans and specifications are often changed with the result that the tax assessor or may not have a true valuation of the property and tax revenue is lost until an appraisal is made.

Frank Paoli, chairman of the board of supervisors, said he will call a public hearing on proposed amendments in the near future.

LABOR BACKS BILL PUT COUNTY JOBS ON PARTISAN BASIS

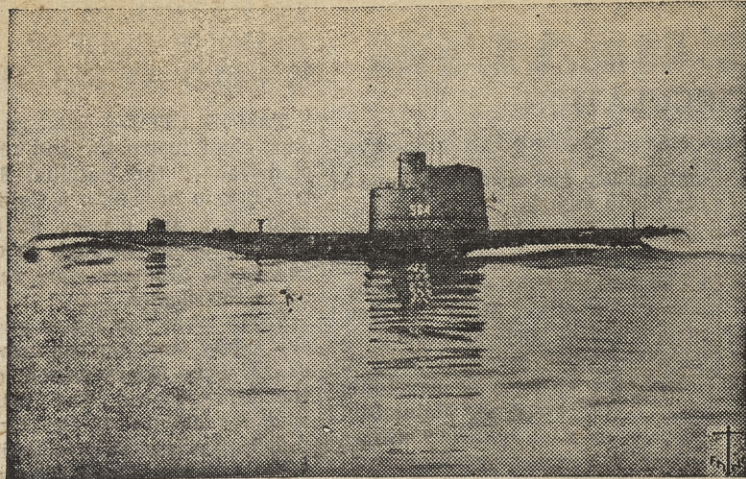

SACRAMENTO—John A. Despol, secretary-treasurer of the California CIO Council, appeared before the Assembly Elections Committee on April 29, 1953, to urge the passage of AB 1476, introduced by Assemblyman Elliott, which would remove county, township and municipal offices from those in the category of non-partisan offices but would leave judicial offices and school boards non-partisan.

In his appearance before the committee Despol said: "American political institutions on the na-

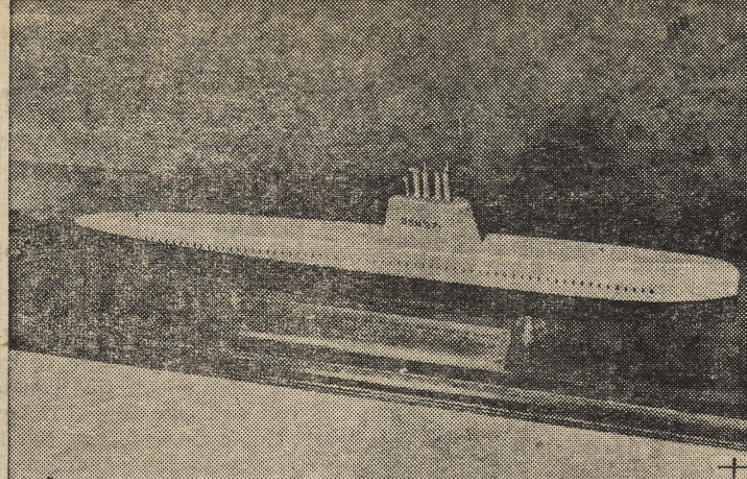

tional and state level are based upon the two party system. It has long been recognized that responsible political parties are essential for effective citizen participation in our government.

"Under the two-party system the members of each party select their best man in the primary election. He is the candidate chosen to advocate and carry out the program adopted by the respective parties. Thus, in the general election, voters have a real choice between two candidates, each of whom stands firmly upon a platform to which he and his party are pledged."

Despol continued: "Non-partisan elections tend to become popularity contests between faces on a

THE LATEST THING in postwar submarines with conventional power plants is the USS Nautilus. She is a guppy snorkel boat. Guppy means "greater underwater propulsion power." The "y" is added for euphony. The snorkel is a breathing tube that enables the submarine to gulp air for her engines when cruising submerged. (Official U. S. Navy Photograph—319099)

MORMON CRICKETS THREAT IN SIERRA, LASSEN COUNTIES

SACRAMENTO—More than 20 thousand acres, with a potential crop production value of \$350,000, may be affected by Mormon crickets infesting open range land along the California-Nevada line in Lassen and Sierra Counties.

The state department of agriculture announced progress of the infestation is being watched carefully and, in cooperation with federal and county agents, control measures have been undertaken. Barriers of coarse rolled wheat impregnated with insecticide have been placed in the path of the moving hordes and beds where eggs remain unhatched are being treated.

ADDED STATE HELP SHOULD BRING LOCAL TAX RELIEF

Local property tax levies for the 19 school districts in Nevada County for 1952-53 will reach \$573,801, and are 14 per cent more than the \$502,889 in state apportionment to the school districts in the county for 1952-53, California Taxpayers' Association says. The state support does not include the second half of the state apportionment for growth, due June 30.

For 1952-53, the average daily attendance base for state support we gave our two party system a mass base at the local community level," Despol concluded.

of the schools in the county was 3,199.

Satewide, the 2,081 school districts in California for 1952-53 had a property tax levy of \$393,802,424, which is 51 per cent greater than the \$260,994,525 total state support apportioned to the school districts so far this year.

Average daily attendance base for 1952-53 state support of schools throughout California is 1,094,926.

The dollar base for state support of all public school districts in California for 1952-53 averages \$147 per pupil in average daily attendance.

"State support of public school districts for 1953-54 will be on a \$180 per pupil base, an average of \$33 per pupil higher than the \$147

figure for 1952-53," the association declared.

"The \$180 figure was voted into the state constitution at the November, 1952, election, largely in the hope of property tax relief."

"Local taxpayers need to be wide awake to the large increase in state money which will come to their school districts for 1953-54 compared with 1952-53," the taxpayers' group said. "How the local board plans the school spending program for 1953-54 will determine just how much 'relief' local taxpayers will get—whether a 'lot' or 'only a little' of the increase in state support will be translated into lower property taxes."

NOTICE TO CONTRACTORS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive up to, but not later than 8:00 P.M. on Tuesday, May 12, 1953, sealed bids for the award of a contract or contracts for well drilling and casing and for furnishing and installing adequate pump and pressure tank in accordance with plans and specifications on file in the Superintendent's office. Bids shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Section 1770 of the Labor Code, and the local laws thereto applicable, the owner has ascertained the general prevailing wages in the locality in which this work is to be performed, a copy of which rates are as follows:

Craft	Hourly Wage Rate	Per Diem Rate	Legal Holidays And Overtime
Carpenters, Lake Tahoe Area	\$2.85	\$22.80	
Laborers — General	\$1.85	\$14.80	
Plumbers	\$2.85	\$22.80	\$5.70

* For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 a.m. and on Saturday, shall be paid for at the rate of time and one-half. Sundays or holidays shall be paid for at the rate of double time.

OVERTIME: Saturdays, Sundays and Holidays — double time unless otherwise shown.

Each bid must conform to the requirements of the Plans and Specifications and all other documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the Office of the Superintendent of Schools, Truckee, California.

No bid will be considered unless it is made on a form provided by the Superintendent of Schools, and accompanied by a certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty percent (50%) of the contract price, and a faithful performance bond in an amount equal to one hundred percent (100%) of the contract price. Said bonds shall be secured from a surety company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding. Dated this 22nd day of April, 1953.

V. C. SHATTUCK, Clerk of the Governing Board of the Tahoe-Truckee Unified School District. a23-30m7

DAILY PAPERS NOW AVAILABLE

VOTERS' HANDBOOK FOR CANDIDATES IS BEFORE SOLONS

SACRAMENTO—Hearings on a measure calling for publication of a California voters' handbook, introduced by Assemblyman Charles Edward Chapel are being held before the committee on elections and reapportionment.

The bill, AB 1202, amends the state election code to provide for printing and distribution by the Secretary of State of a handbook containing information on candi-

dates and ballot measures to be sent to all registered voters before a general election.

Chapel, who represents the 46th Assembly District in southern California calls the handbook "the poor man's friend."

"Actually," Chapel said, "it is my effort to give the poor man a reasonably fair opportunity to compete with a candidate backed by rich and powerful forces."

Chapel said the handbook would contain:

1. Statements submitted by each political party on behalf of its candidates for presidents and vice-president in presidential election years;
2. Platforms of each political party;
3. Statements concerning candidates running for state or national offices;
4. Ballot pamphlet concerning measures to be voted on at the

next general election.

Candidates for officers to be voted on throughout the state would pay \$300 for a page of space in the book; candidates for Congress, \$200 per page; and state senator or assembly candidates, \$100.

Each registered voter would get a copy of the handbook, to be mailed out by county clerks at least 15 days before an election, while three copies would be kept in each polling place during an election so that they may be consulted by voters.

"Americans everywhere," Chapel said, "especially those of us who were fortunate enough to be born in what I call the 'Lincoln Country,' which means the states of the middle west—where Lincoln always has been regarded as just slightly lower than the Holy Trinity—hope and pray for the day to come when all men can have equal opportunity. We do not seek equality of attainment, because that is not possible in a material existence, but we do want equality of

DOLLAR TO RESTRICT HIS BOAT RACING TO TAHOE'S WATERS

TAHOE CITY—Stanley Dollar Jr., famed speed boat owner and driver will race no more in the national and international contests. Henceforth, Dollar has announced, his only speedboat maneuvering will be over the waters which saw his first efforts—those of Lake Tahoe, on whose shores he maintains his summer home. He plans to devote the greater part of his time to the family shipping business.

But, he will race at Tahoe and will be a foremost contender in the first annual Tahoe Gold Cup Race, to be run shortly after Labor Day.

Dollar's Mercury, an all-aluminum racer powered by a 630 h.p. Curtis-Condor engine, is in the shop at Walnut Creek being completely revamped.

Near Gardnerville, Nev., Morlen Visel and Wayne Thompson, his mechanic, are revamping the 31-foot Hurricane and her 1500 h.p. Allison Aircraft motor for her run in August's National Gold Cup in Seattle. Visel, rated No. 2 international driver last year, will bring the Hurricane to Tahoe following the Seattle races.

S.F. METERS TOPS FOR REVENUE

SAN FRANCISCO—Although some 2800 communities in the United States now have about 1,113,000 parking meters installed, San Francisco topped the nation in 1951 with gross revenue of \$763,291. California towns as a whole gross the biggest revenue.

opportunity. We think that the adoption of the voters' handbook by the state of California will be one step toward that goal."

A similar voters' handbook has been issued in the city of Berkeley since 1949 when a proposition calling for its publication was adopted by an overwhelming vote of approval by the people, Chapel said.

"One of the most glamorous singing stars of light opera" is the billing given beautiful Marthe Errolle. She makes her Sacramento Music Circus debut in the season's opening production, Kiss Me Kate, starting June 15th at the 15th and H Streets showplace.

LINDSAY BACKS OFF, FACES OPPOSITION

SACRAMENTO—Assemblyman Francis C. Lindsay of the 6th District disclosed opposition has developed to his proposal for two bag limits in possession and no shipping of trout from sporting interests and the state department of fish and game. Opponents of the plan claim the first limit would have to be validated.

Lindsay said that unless some real support for his trout bill comes from his district, he probably will drop the measure.

There are 9951 voting precincts in New York.

AUBURN TO TAHOE JEEP CARAVAN PARTY DATES SET

AUBURN—Dates for the third annual "Jeep Trip" in which a caravan of Jeeps will tour one of California's most primitive areas were announced last week by the Auburn Chamber of Commerce for August 1 and 2.

Ronald Mangseth, chairman in charge of arrangements, said co-sponsor will be the Auburn Jeep Club. The route this year will carry the party to Lake Tahoe again.

The trip will be limited to 100 persons and reservations must be made with the Auburn Chamber of Commerce.

Only adults will be allowed to participate and must furnish their own transportation, eating utensils and sleeping equipment.

A charge of \$6 will cover a barbecue the first night, breakfast the following morning and a luncheon

before Lake Tahoe is reached. Detailed routing will include stops at Georgetown, Balderson's, 12-Mile House, Uncle Tom's Cabin, Cold Spring, Wentworth Springs, Sluice Box, Buck Island Lake, Rubicon Springs and Lake Tahoe, where the party will emerge at Chambers Lodge, formerly known as McKinney's Resort.

How to make tractor-track bearings last longer

You can add many hours of life to your tractor's track-roller bearings if you lubricate them regularly with RPM Tractor Roller Lubricant. It flows evenly to all bearing surfaces and coats them with a tough, wear-resisting film that stays on even in sidehill operation. It also forms a tight seal at bearing edges that helps keep out dirt, mud, and water.

RPM Tractor Roller Lubricant comes in three grades for Caterpillars to meet all operating conditions, and in a special A.C. Type for Allis-Chalmers. Ask us to deliver you a supply today.

TAHOE TOPICS

by ETHEL J. VERNON

A real spring rain came on very quietly Sunday evening and all through the night the downpour increased, growing almost to cloud burst proportions at various points about the lakeshore. In Tahoe City at 8:30 Monday morning, Arthur Frodenberg, weather observer, reported .73 of an inch with the lake rising rapidly. A that time it stood at 6227.94, only six points under the maximum set for the lake's level with the downpour continuing at that time. Nevertheless, we are almost entirely free of snow here and green grass and shrubs are springing up everywhere. Silver-grey tassels are decorating the willows and alders along the lakeshore and a mist of green crowns the tall Balm of Gilead along the shoreline cliffs. Over on the meadow golf course shallow pools now lie between the higher greens and from these pools in the spring, twilights comes the gurgling music of the frog chorus, surest sign of all that spring is here to stay.

And the opening of summer homes seems to be a pretty sure sign of the nearing of the real summer season. A few of this week's openings follow:

Mr. and Mrs. Ted Finger and family of Lake Forest are in and

readying the home and business place for the season. Finger is manager of the Lake Forest water works.

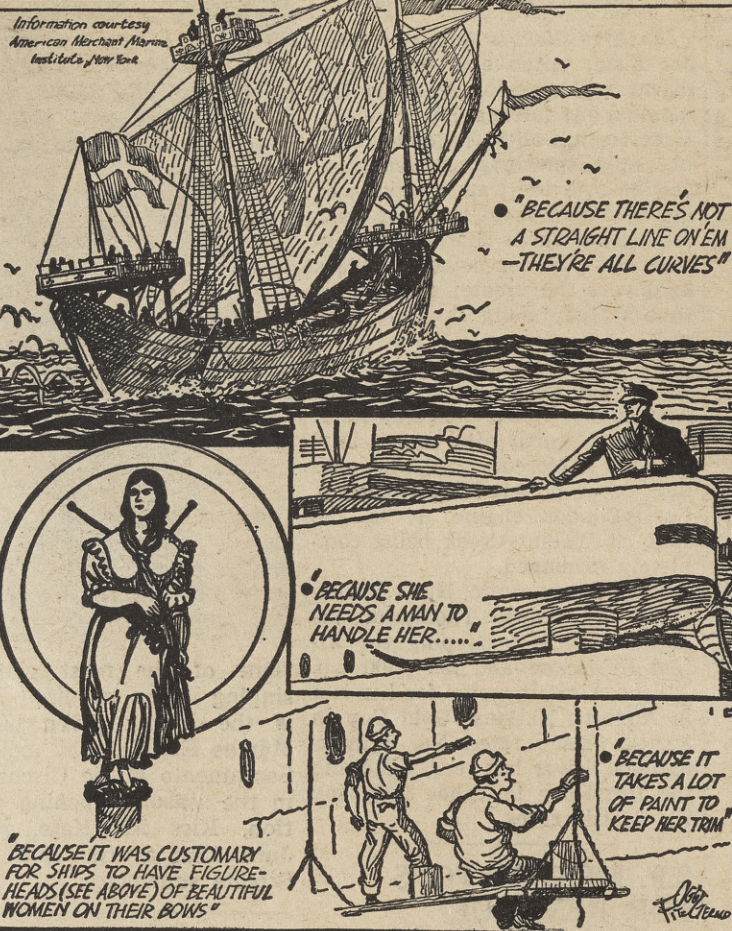

Mrs. Rose Boyarides, who spent the past winter in Castle Hot Springs, Arizona, has just opened her home for the summer here on Lakeview Drive in Tahoe City. Here as her guest for a few days is George Roy, who also spent the winter at Castle Hot Springs. Roy plans to leave soon for the Feather River resort where he will work after the summer season opens there.

The Clarence Breuner home at Tahoe Pines was opened during the past week. The Breuner family wintered at Piedmont. They have been summer residents of Tahoe for the past 15 years.

Robert Coleman Grey of San Francisco opened his lakeshore home here last weekend. He expects to be here for the beginning of fishing season.

Mr. and Mrs. Sam Sholand, former Tahoeites who have spent the past five years in South Dakota, returned to Tahoe City during the past week and plan to settle here again. At present they are occupying the old Bliss home on the lakeshore in Tahoe City until such time as they can locate a suitable place to live permanently. Guests of the Sholands over the weekend were their daughter and family,

WHY ARE SHIPS CALLED "SHE"?

Mr. and Mrs. Bill Bosen and daughters of Concord. The Bosens are also former Tahoe residents.

Mr. and Mrs. Ray Frazier, who left Tahoe several years ago to reside in Georgetown, were visitors here for a few days last week. They were guests at the home of Mr. and Mrs. Phil Geier at Tahoe Park.

An old timer who returns regularly here each year with the spring birds is Steve Craig, whose initial Tahoe residence dates back sixty years or more. Steve arrived on the weekend and opened his familiar lakeshore cottage down near the Tahoe Boat Company's pier. He has his favorite fishing tackle in readiness and is anticipat-

ing with pleasure the opening day on the lake. Aspirants to awards on the Fisherman's Luck program will certainly need to look to their laurels now, for Steve knows every good fishing hole in the lake from away back when—and is on speaking terms with the heads of the best families of the trout tribes.

Mrs. Al Sanford, a proprietor of Town and Country Lodge at Sunnyside Beach south of Tahoe City, returned to her home this week after a visit of several days in San Francisco.

A large crowd of Tahoe residents were in attendance on Saturday evening at the new Tahoe-Truckee high school down on

Highway 40: The faculty of the school gave an elaborate party called "Faculty Follies," which drew a capacity crowd from all five school areas. Proceeds went into the Educational Association's scholarship fund to pay scholarships for deserving students.

The Tahoe Boy Scouts, with chaperone and scout leaders, went on their first Camporee for the spring season over the weekend. It was still a bit chilly for camping out, the boys found.

Reno's Tate Williams, district governor of Rotary, paid his annual visit to the Tahoe City Rotary Club on the evening of May 21. After the dinner at Tahoe Inn, he spoke on the objects of Rotary and international student exchange, which he said promotes better understanding between our people and those abroad. He stressed the importance of acquaintance and tolerance as a means of promoting friendship the world over. To illustrate, he quoted the late Will Rogers, who once said, "I never knew a man I disliked and I don't believe a man who knew me disliked me."

At a round table discussion following the meeting, the district governor commended the local club for its good standing in Rotary International, including community service.

Rotarian Harold West accompanied the district governor from Reno. Visitors were Paul Wray, with his brother, Bob, and Bill Hunter with Al Snyder. Denis Sach presided. He announced 12 members had made reservations to attend the district conference at Elko on April 26, 27 and 28.

Tahoe friends will be sorry to hear of the recent bad luck of Mrs. Alice Gebhardt, old time Tahoe resident who has been spending the past few summers out of the high country. During the winter, at the Tracy home of her daughter, Mrs. Al Grennan, Alice suffered a disastrous fall. The arm which was broken in the fall is taking a long time in healing. She

DON PRUSSO, BRIDE ESTABLISH HOME IN EAST BAY CITY

TAHOE CITY— Staff Sergeant Don C. Prusso and Lois E. Zurfluh were united in marriage on Easter Sunday with Rev. Robert C. Caswell performing the impressive rite in the Reno Unity Center.

The bride is the daughter of Mr. and Mrs. Forest Zurfluh, longtime Reno residents. Prusso is the son of Mr. and Mrs. Everett Prusso of San Leandro, former Lake Tahoe resort owners. The bridegroom is now in the Air Force and for years was a popular member of the younger set at Tahoe.

Mrs. William Woerner of Montrose was her sister's matron of honor. Ray Prusso of San Lorenzo was best man for his brother.

The home of the bride's parents on Lone Tree Lane was the locale for the reception and there the wedding cake, cut in traditional manner by the bride and groom, was served with punch and sandwiches. The newlyweds have established their home in San Leandro, following a honeymoon trip through southern California and Nevada.

Attending the wedding and reception were Mr. and Mrs. Ray E. Prusso and family of San Lorenzo, Mr. and Mrs. Richard F. Carnell of Tahoe City, Mr. and Mrs. William Woerner and Pamela Jo of Montrose, Mr. and Mrs. Don Raker of Gerlach, Mr. and Mrs. Albert Olds and Barbara, Mary Lynn and Vivian of Quincy, Mrs. V. Buchanan and Jean and John Raker, all of Winnemucca, Mr. and Mrs. W.

is still convalescing and is doubtful if she will be able to return to her Tahoe City home this summer.

Mr. and Mrs. William Hunter opened their summer place, Bacchi's Inn, at Lake Forest during the past week. On Saturday evening they held their first spring party there, to which around 40 of their friends and neighbors were invited.

RAIN AT TAHOE CITY UPS PRECIPITATION

TAHOE CITY— Over an inch of precipitation was recorded during the week April 20 to 27, with precipitation on the 20th of .34 of an inch and .73 on the 27th. The lake level Monday at 8 a.m. was 6227.94 with all gates open, according to Arthur Frodenberg.

Typical April weather was reflected in the daily high and low temperature readings for the period, which showed April 20th: 55, 33; 21st: 65, 33; 22nd: 65, 31; 23rd: 63, 30; 24th: 57, 29; 25th: 65, 30; 26th: 61, 34; 27th: low, 36.

PRIVATELY BUILT

The Pennsylvania Turnpike System of 827 miles of super highway was constructed with private capital.

Fritchen, Edwin Heidenreich, H. L. Bolander, Sarah E. Olds, Mrs. Irma Berg and Virginia, Mrs. Jack Meich, Mr. and Mrs. Forest Zurfluh, Frances R. Honey, Lola Honey, Mr. and Mrs. Bob O'Brian, Joe Richardson, all of Reno; Mr. and Mrs. Charles Cross Jr. of Tahoe City, Howard Carnell of Tahoe City, Terry Tollefson and Alberta Cooper of Truckee, Mr. and Mrs. E. E. Prusso of San Leandro, Mr. and Mrs. James Worden of San Lorenzo.

District School News

DONNER TRAIL SCHOOL

This week we have been practicing for our field day. We have made standards for our volley ball net and have also made standards for a game called German bat ball. All the children like the two games and show great enthusiasm. We have studied the rules for the games too.

For our Public Schools week open house on Tuesday, April 28, we made a study of the wild flowers of the region. Each pupil made a drawing of his or her choice and these were displayed. A great many new words were learned in the research on flowers.

The Community Club met in conjunction with our open house on Tuesday.

KINGS BEACH SCHOOL Kindergarten, 1st Grade

Tuesday morning we took a short walk across our school yard and over to some willows across the road. We each took a tin can and filled it with damp soil and brought it back to our own room. Next Monday we will each plant some seeds in the cans and then we will watch them grow.

Wednesday morning we decided to have our story and singing time outside. Also, Wednesday morning we finished making a paper freight train showing the different kinds

of cars on a train. Bobby Ford made the engine; Ronnie Baker, the coal car; Suzie Lucas, the cattle car; Greg Thompson, the gondola; Wayne Mandeville, the cattle car; Brad Thompson, the refrigerator car; Carl Brooks, the tanker; Susan Graton, the box car; Donnie Decker, the caboose. We will study about trains — where they go, what is hauled in the cars and how trains are important to us.

2nd and 3rd Grades

Friday we had two luncheon guests in our classroom. Dr. Jose Nessim and Mrs. Jack Felte visited us, while they enjoyed eating their lunch. During our noon intermission, Dr. Nessim and Mrs. Wing organized several games for the entire school. Some of the games we played were cat and mouse, farmer in the dell and relay races. We enjoyed Dr. Nessim's visit, especially when he played with us. We asked him to come back soon to visit our school again.

Phyllis Chatwin brought a real Bird of Paradise flower to our room Monday. The flower is orange and purple.

Last Wednesday, Miss McGouran, supervisor from the Placer County superintendent of schools office, was here to watch us work. She observed our reading.

During our art period, we started our scrapbook covers for our booklets on Mexico.

We now have ten "egg heads" completed. We took small boxes and poured plaster of Paris into

them. Then we placed our eggs (from which we had blown the contents) and let the plaster set. Then we painted faces on the eggs.

We enjoyed the Standard School Broadcast last Thursday. It was the most interesting broadcast of the year. It told the story of Philip Nolan — "The Man Without a Country." Mrs. Wing read us parts of the story.

4th, 5th and 6th Grades

We have finished our studies about Peru. Half of the class is now working on a big map of South America. Each person has taken a country and has all the products listed. They will put the products on our big map. The other half of the class is getting information about Ecuador and Columbia.

Our class has been preparing for two important coming events—the district field day scheduled to be held at Kings Beach on May 1 and the music festival at the high school May 15.

School News

Dr. Jose Nessim came last Friday to give the students physical examinations. Mrs. Charlotte Patnoudé, our school nurse, assisted Dr. Nessim. Mrs. Kay Felte, Mrs. Ann Mason and Mrs. Lloydine Clayton also assisted.

TRUCKEE ELEMENTARY Kindergarten

This week the kindergarten has been busy decorating the classroom. They are working on a mural consisting of brown paper teddy bears which are cavorting in various positions against a finger-painted background of blue sky and green grass. Also, there are yellow paper butterflies "flying about."

Lynn Blanke has a new baby brother, born last Saturday at Tahoe Forest Hospital. Judy McGinnis was welcomed back to school after an illness.

First Grade

When the boys and girls were weighed and measured last week, the records showed that the average growth was one inch in height and five pounds in weight since

last fall.

We were saddened by the death of "Blinky," our green turtle. He escaped from his box and was squeezed to death under the door.

We finished our reading workbooks and will take them home so that we can read the stories in them to our parents. We are going to review them this summer.

Betty Baysinger, Leilani Braasch and Bonnie Fair wrote letters to the 4th grade thanking them for the farm animals they made and gave to us. We cut out some paper dolls to go with the farm and are enjoying playing with the family and animals.

We will take a short excursion to conclude our unit "Signs of Spring." Gary Costa brought one of last year's bird nests to show us. We studied it carefully and found that it was made of string and vines intertwined.

Second Grade

The second grade is enjoying many fine large pictures from the Placer County Library for social studies.

Each child was weighed and measured last week to discover how much each had grown. There was an average gain of one inch and five pounds.

We have two new pupils, Suzanne Gardner and Elaine Smith. Joe Parkhurst, Joey Straub and Darby DeLisle have been vying with one another to see which one would accomplish the most in arithmetic. The results have been amazing.

Mary Ann Miller, Sandra Wardman, Bobbie Cummins, Daven Morey and Kathy Curran brought records for all to enjoy.

Group Three in reading has finished "Our New Friends" and will begin "Our New Friends and Neighbors."

Third Grade

The last birthday party for the term was Friday afternoon. After treats, "Happy Birthday" was sung to all whose birthdays were in March, April and May, and also those occurring in the summer. Among our room visitors last

week were Mrs. Martin Johnson and Mrs. Jack Ellis. Monday Mrs. Charlotte Patnoudé gave a most enjoyable and helpful talk on the care of our teeth.

We wish to thank Doctors Hahn and Scow and Mrs. Patnoudé for our physical and dental checkups. We also thank Mrs. Ruth Morey and the other mothers who assisted.

Friday morning we took tests in reading which were for sentence reading, reading to note details and reading to note general interest.

Fourth Grade

Our social studies research groups are beginning to work on projects of various kinds. Clark Kydd is chairman of a group making a big relief map of California; Cynthia Reynolds and her group are making a model to show the effect of the Gold Rush on California's history and development. Another group, headed by Nicky Stone, is working on models to show the various means of transportation and communication used by the Spanish people in early

California. Other groups are Russians in California, Varian Frey, chairman; Flags that have flown over California, Karen Knoefler; Mission life in early California, Lily Cushing; Spanish building methods and materials, Roy Stalard.

The group that is doing research on the Chinese people in California has Donna Barnes as its chairman. This group is being assisted in its research by the people at the Sierra Sun, who have given of their time and materials to help the children gain a better picture of the Chinese who were brought to this area to help build the railroad.

Fifth Grade

Members of the class are making large maps of the Atlantic Coast of the United States, illustrating and locating the original 13 colonies. Other children are locating the states and battles of the Revolutionary War.

They are working in groups to make reports on the birds about which they have particular interest. They plan to study those birds that are summer and winter residents of the Truckee-Tahoe area. We are making a chart to show the outstanding characteristics and habits of these birds.

Our arithmetic contest is running close. The three teams are working very hard, as the losing team must treat the class. At this writing Donald Brown's team is slightly ahead of Jimmy Loynd's and Paula Kaspien's. This week we are having subtraction tests.

Sixth Grade

The class entertained the school at an assembly last Friday with their puppet show, concerning dental care and nutrition. Gavin Robertson, Allan Young and Shirley Goodpasture took the parts with Harold Brown as announcer. Christi Lander, Patty Stinchfield, Larry Reid and Ronnie Germain assisted in the dramatization. All other members of the class contributed in stage building costume sewing or prop making. Nelson Stone of the forest service and father of Nick Stone came and showed us a movie about wildlife.

Mr. Lynn Kishbaugh gave achievement tests to the 4th, 5th and 6th grades this week, while Mrs. Ruth Robertson and Mr. Hugh Smith taught the 6th grade each day.

We are all anxious for next Wednesday to arrive when we will depart on our trip to San Francisco.

SPORTS WRITERS TO ENJOY MEET AT LAKE TAHOE

TAHOE CITY—Preparations have been made by the Lake Tahoe-Sierra Chamber of Commerce for the reception of a group of sports and other promotional writers at Cal-Vada Lodge Saturday evening between 6:30 and 7:30 p.m.

The session is designed to point out the excellent fishing obtainable in the area as well as the hospitality of the business people of the district. The affair will give the fishermen a chance to discuss possible improvements and swap yarns.

Following the cocktail party, the writers will remain for dinner, Carol Raymond, chamber of commerce manager, said.

LADIES NIGHT

Members of the CSEA chapter here will hold their annual ladies night party at Soda Springs Hotel Saturday, May 9. The affair will begin at 8 p.m. A dinner and program are planned.

In City—

Mr. and Mrs. Wm. Englehart Jr. returned Sunday from a week spent in San Francisco.

THIMBLE CLUB HAS FINAL MEET

The Thimble Club of Truckee held their final meeting of the past year Friday evening at the home of Mrs. Alice Mayer on West Main Street.

The projects for this year were the donation of a beautiful hymnal board for the Community Methodist Church and a white and yellow satin altar cloth to the Donner Council, Sunshine Girls.

The club expects to resume meetings during the summer, taking as their project the Sunshine Girls paraphernalia that is badly needed by the local council. Next meeting will be June 12 with a pot-luck supper preceding a short business meeting. All mothers interested may contact Mrs. Mayer or Mrs. Charles Heller.

Osts Building—

Mr. and Mrs. William Ost are improving and planning to build on their Donner Lake property this year, having recently returned from their winter home at Wilmington.

Go to Oakland—

The D. M. Brodehls have moved from Lodi to Oakland. They are former Lake Tahoe residents.

DIANE KASPIAN IS FETED HERE

Saturday, April 25, was the day chosen for a gay party to observe the 8th birthday of Diane Kaspien, daughter of Mr. and Mrs. George Kaspien. The children enjoyed games and viewing television for part of the afternoon, then were served a lovely dinner including the traditional birthday cake and ice cream.

Those invited were Janice Eaton, Linda Frates, Kathryn Barrett, Virginia Barnes, Pamela Rose, Teddy and Dickie Daniels, Linda Elf, Carolyn Smisek, Kittle Ellis, Mary Ann Miller, John and Gary Sturcke, Lynn Bays and the honoree's brothers and sisters, Rosalie, Nancy, Michael and Robert Kaspien.

Judge Visits—

Superior Court Judge Sam Finley of Crescent City visited briefly this week at the home of Mr. and Mrs. Nace Firpo, en route to India where he will hold court. Judge Finley is a brother in law of Mrs. Firpo.

IT'S WISE TO ADVERTISE!

TROUT FISHING SEASON OPENS HERE SATURDAY

With one eye on the weather and the other on the water, fishermen in this area are looking forward to the opening of the first 1953 fishing season in this area Saturday, May 2.

While many other waters over the state are opening, fishing in the local area will be confined to Lake Tahoe, Donner Lake and Boca Reservoir until the end of the month.

On the basis of forecasts made a week or two ago, the department of fish and game predicted fishing in Boca, Donner and Tahoe would be "good."

Anglers will have a chance to win prizes as well as help California and Nevada fish and game officials when they participate in "Fisherman's Luck" month from May 2 through 30. Fishermen will be issued cards requesting information and suggestions for improving stocking Lake Tahoe. Details of the program, sponsored by the Lake Tahoe-Sierra Chamber of Commerce, will be found elsewhere in today's Sierra Sun.

ROTARIANS ENJOY THREE-DAY MEET AT ELKO, NEVADA

Taking advantage of the lull before the rush of summer business, a number of Tahoe City, Kings Beach and Truckee Rotarians attended the three-day Cal-Vada conference held Sunday, Monday and Tuesday at Elko.

The sessions were attended by 398 and plans for the coming year were made with a number of prominent speakers taking part in the well-filled program. A high light of the session was the district governor's breakfast at 7 a.m.

En route, the Tahoe group, consisting of 18, dropped in on the Stan Martins at Lovelock Sunday morning where they also greeted Mr. and Mrs. Robert Tonini who had arrived the preceding day.

Among those attending from Tahoe City were Messrs. and Mesdames Denis Sach, William Connors, Don Snyder, Bob Tonini, Steve Korich, James Martin, Vern Bartell, Martin Spitsen and Howard Guth.

Roy Porath and Dr. and Mrs. H. M. Holmes were there from the Brockway Rotary. Representing the Truckee club were Mr. and Mrs. Charles Osburn, Mr. and Mrs. Jim Sherritt, Johnny Richards and Art Couillard.

INCORPORATION OF CHAMBER IS NEAR

Howard J. Newsham, chairman of the chamber of commerce committee appointed to proceed with plans to incorporate the local civic organization, reported at a meeting Tuesday that David K. Gilmore, Kings Beach attorney, acting for the chamber without fee, reports progress.

Newsham said the articles of incorporation, embracing the present by-laws have been approved and will be filed in the near future. The only cost to the chamber, he added, would be a \$2 filing fee.

HISTORIAN WILL ADDRESS WYETHIA

Mrs. Rockwell L. Stone of Los Angeles, state history and landmarks chairman for the California federated women's clubs, will show colored slides and narrate on historical places in California at the meeting of the Wyethia Club to be held Friday evening, May 1, in the club edifice. A report on the state convention recently held in Los Angeles will be made by Mrs. Fred Pedley, president.

Mesdames Charles Heller, Robert Bick, William Englehart Sr., Rex Thomas, Stanley Songer will compose the refreshment committee.

WOMEN'S SOCIETY SCHEDULES EVENTS

The Woman's Society of Christian Service announces the following functions for May:

On May 8, there will be a food sale held, the place to be announced later. On May 22 and 23 a rummage sale will be held in basement of the Community Methodist Church, starting at 10 a.m. daily. Anyone having anything to donate to this sale may call Mrs. Daven Morey at 144 to have the donations picked up.

Back from Texas—

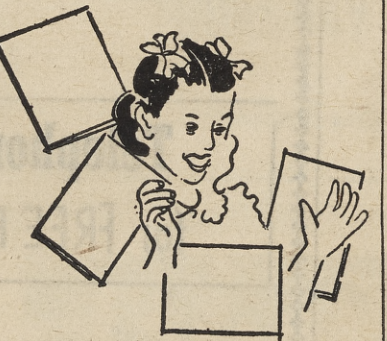

Mrs. Joe Carter has returned from a vacation trip to Texas and was accompanied home by her brother in law and sister, Mr. and Mrs. A. L. Davis, who visited at the Carter home here. The visitors are from Dallas.

Back at Lake—

Mr. and Mrs. George Kehlet have returned to their Meeks Bay Resort from Palm Springs.

OLD ENGLISH

The Folger Shakespeare Library in Washington, D. C., has the largest collection of books in English printed before 1640 in the western hemisphere.

EDGAR RICE BURROUGHS' Tarzan

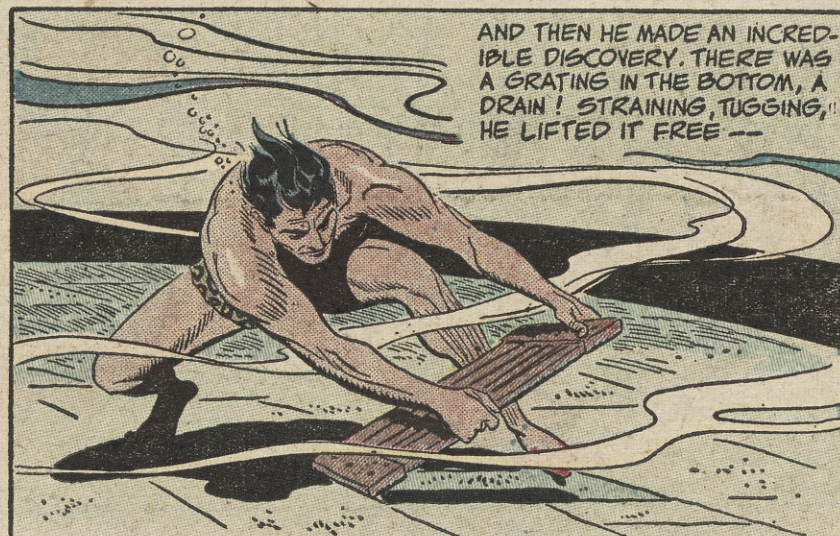

AT THE ZOBIAN QUEEN'S COMMAND, THE FOUR PRISONERS WERE SEALED IN A GLASS TANK -- WHICH NOW FILLED RAPIDLY WITH WATER!

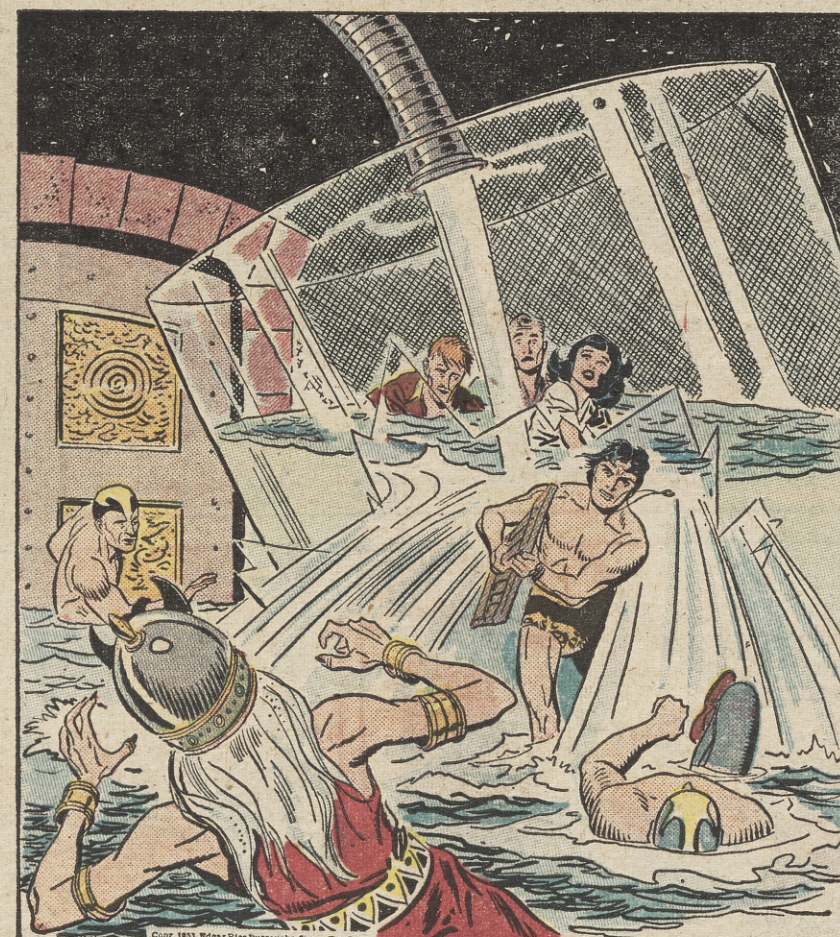

"WON'T BE LONG NOW," CREEL MURMURED AS THE WATER ROSE HIGHER -- BUT TARZAN DID NOT WASTE TIME IN LAMENT. HE SWAM DOWNWARD, SEARCHING FOR SOME WAY --

AND NOW QUICKLY, HE SLAMMED IT AGAINST THE SIDE. WATER IMPEDED HIS EFFORTS, BUT NOT ENOUGH TO PREVENT HIM FROM CRACKING THE GLASS!

AND THEN HE MADE AN INCREDIBLE DISCOVERY. THERE WAS A GRATING IN THE BOTTOM, A DRAIN! STRAINING, TUGGING, HE LIFTED IT FREE --

SOON THE WEAKENED GLASS COLLAPSED FROM INWARD WATER PRESSURE, SHATTERING THE TANK. CHAOS ENSUED AS THE ROOM FLOODED, SWAMPING THE OCCUPANTS!

RAEBURN VAN BUREN

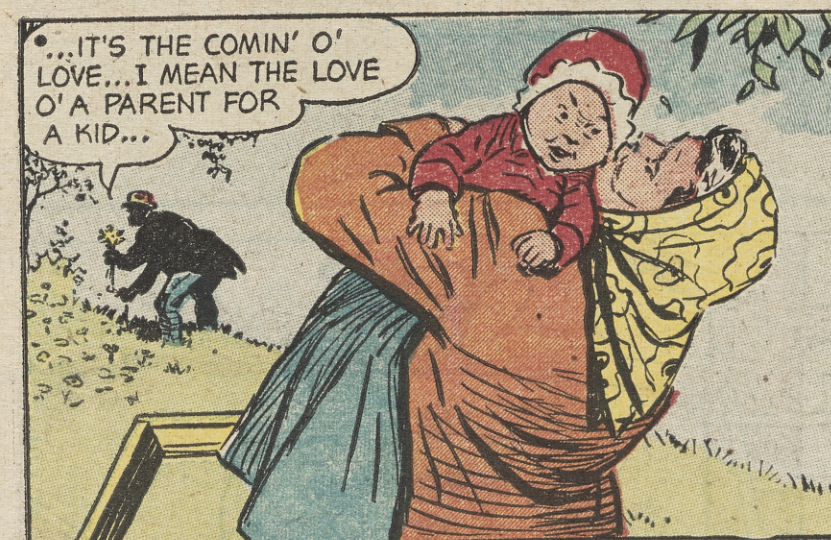

...ALL O' THEM FEELIN'S UP T' SPRING WHEN YER YOUNG IT KINDA MAKES YOU WANTA KICK UP YER HEELS... AN' RUN BAREFOOT ACROSS THEM FIELDS...

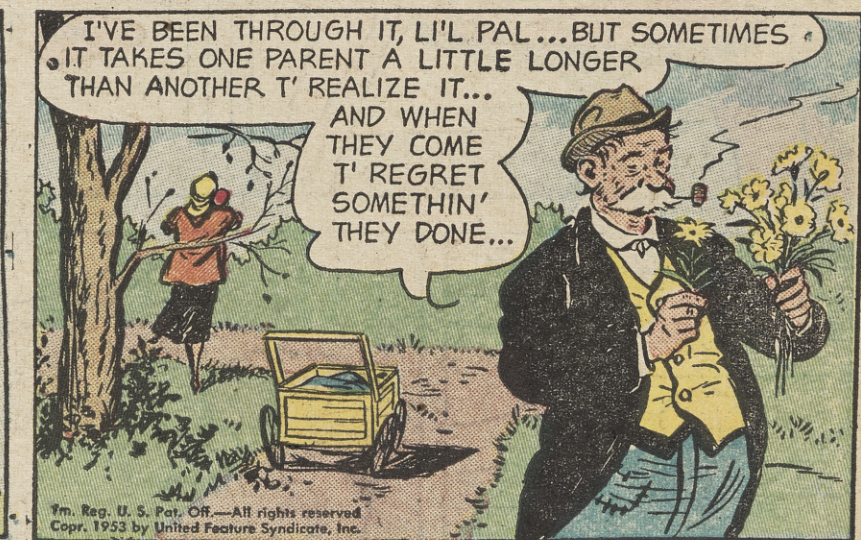

BUT WHEN YER MY AGE, IT JUST MAKES YA THINK ABOUT THE POWER THAT MAKES ALL O' THIS POSSIBLE...YOU FOLLOWIN' ME, BUSTER??

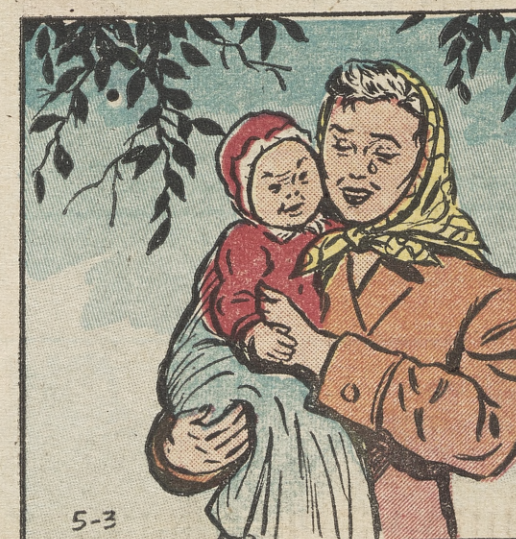

NOW IF YER WONDERIN' WHAT SECOND TIME THAT AIN'T NEVER REPEATED IS...

...IT'S THE COMIN' O' LOVE...I MEAN THE LOVE O' A PARENT FOR A KID...

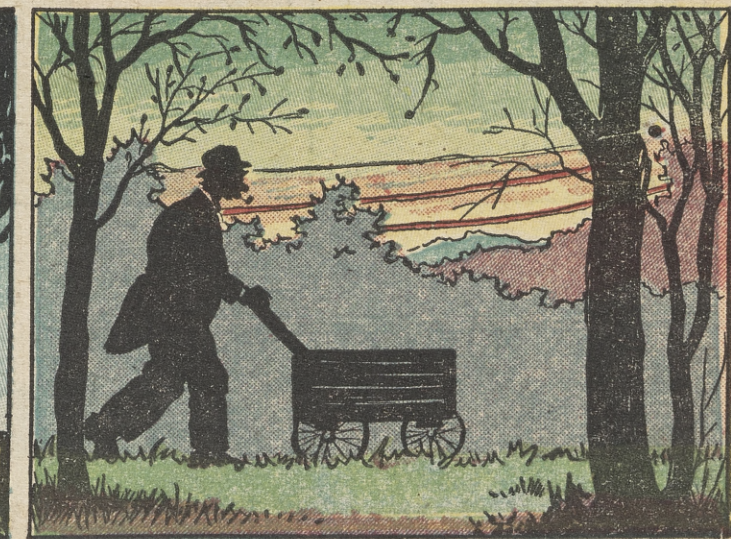

I'VE BEEN THROUGH IT, LI'L PAL...BUT SOMETIMES IT TAKES ONE PARENT A LITTLE LONGER THAN ANOTHER T' REALIZE IT... AND WHEN THEY COME T' REGRET SOMETHIN' THEY DONE...

5-3

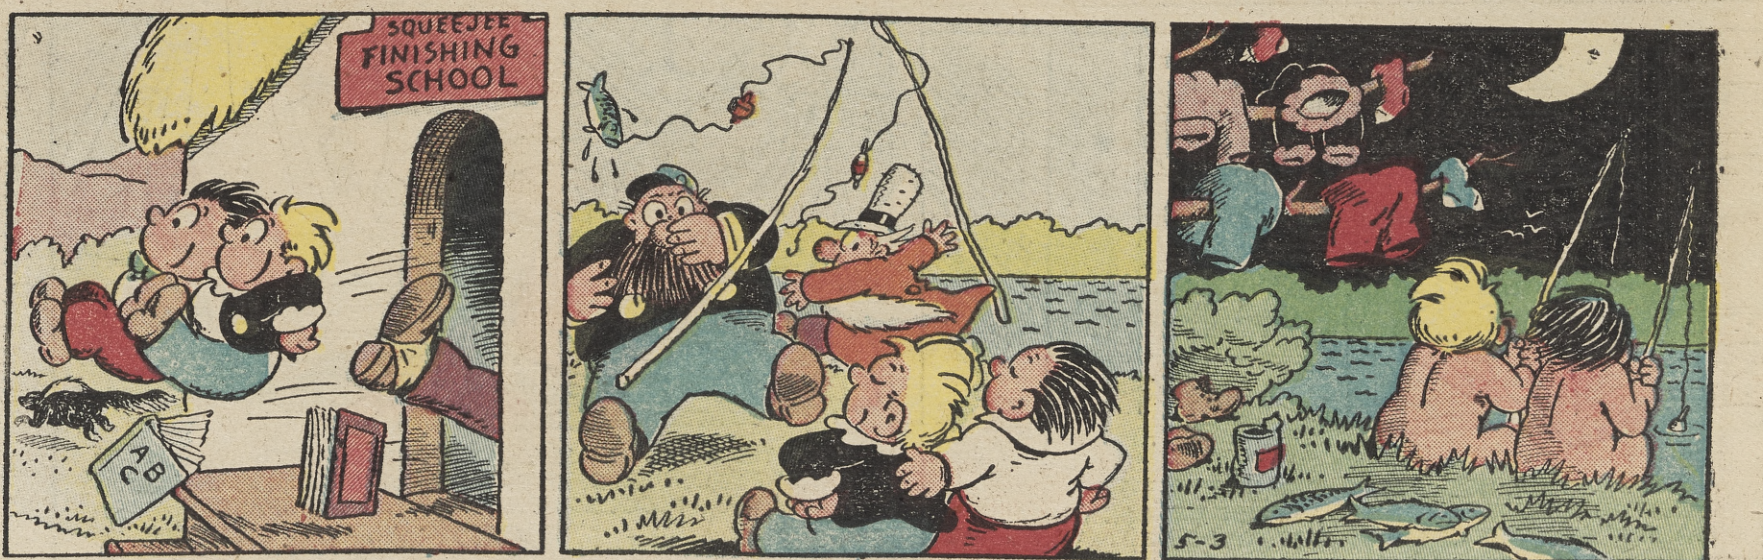

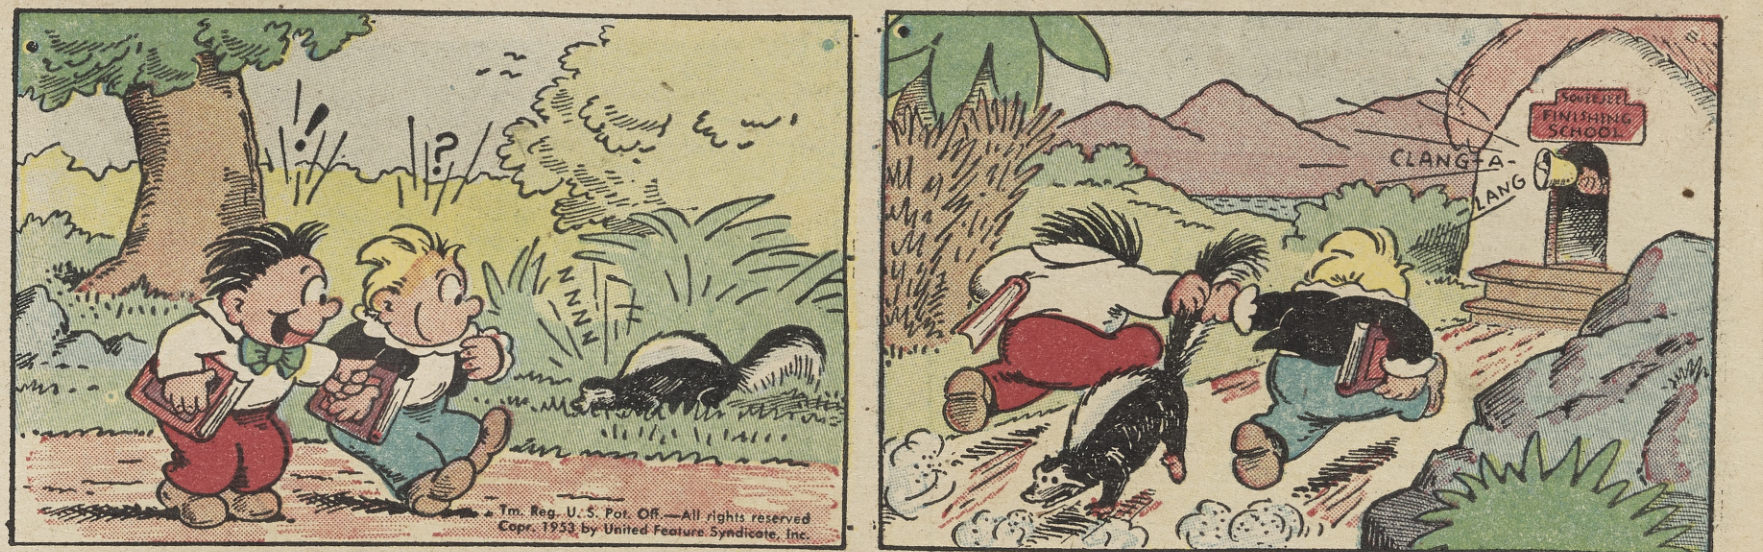

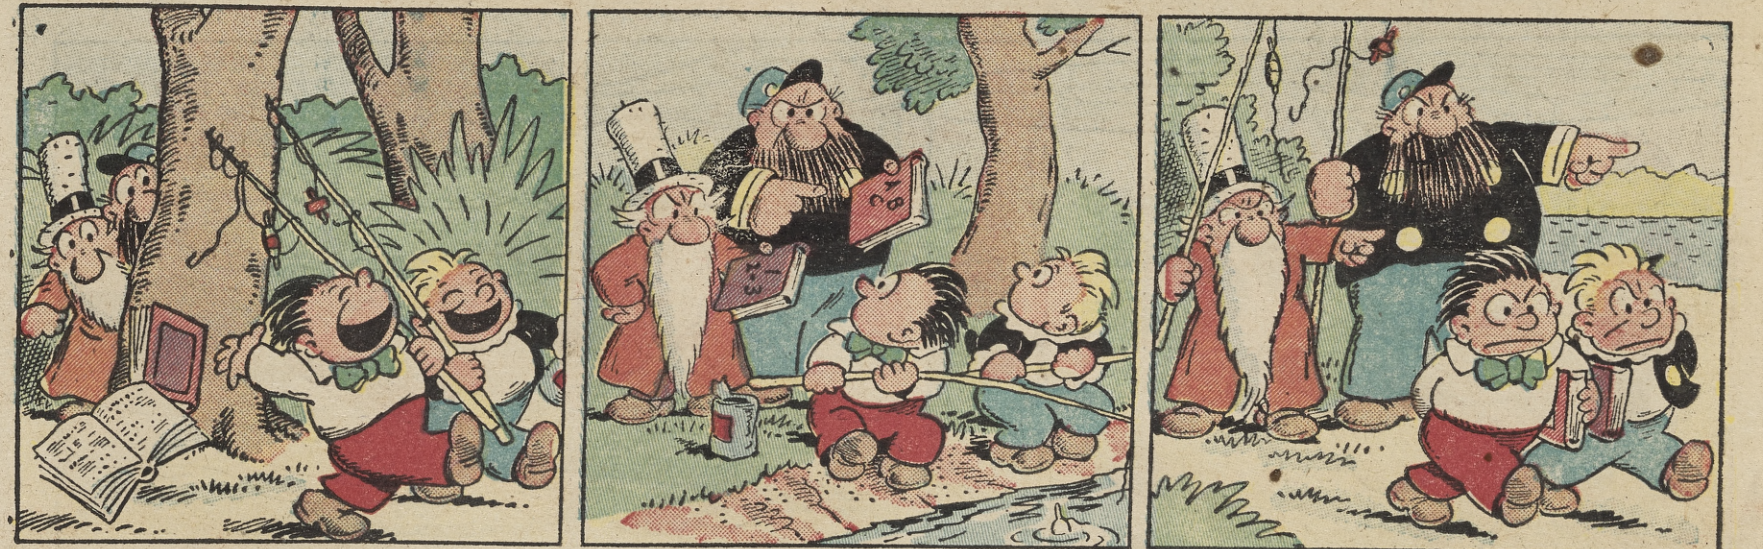

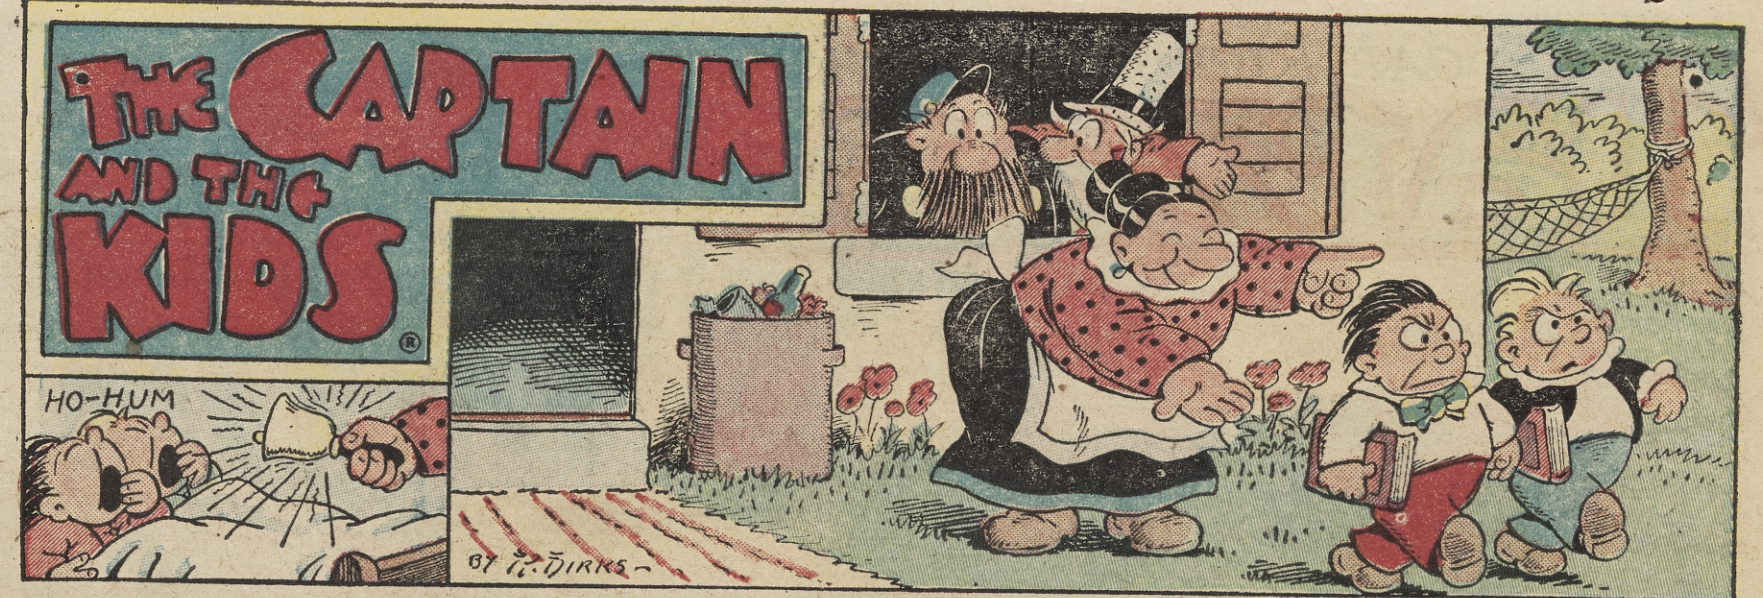

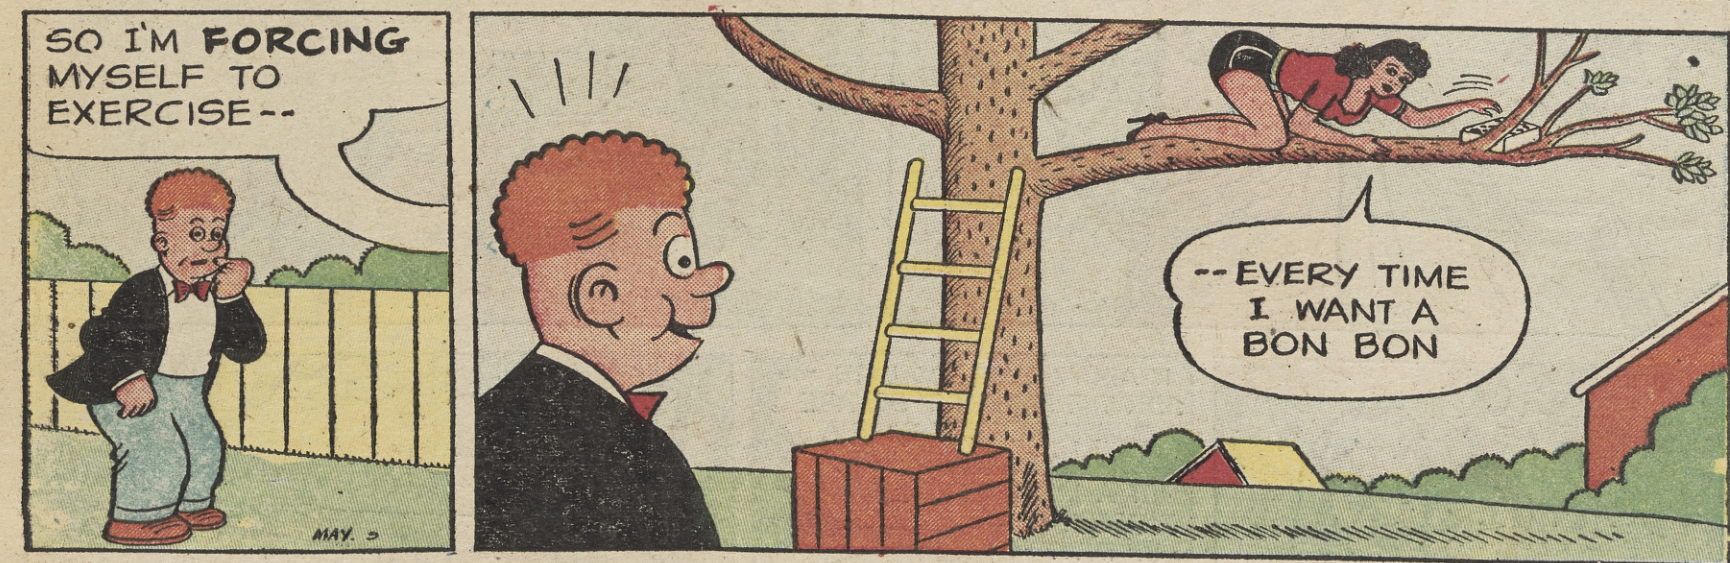

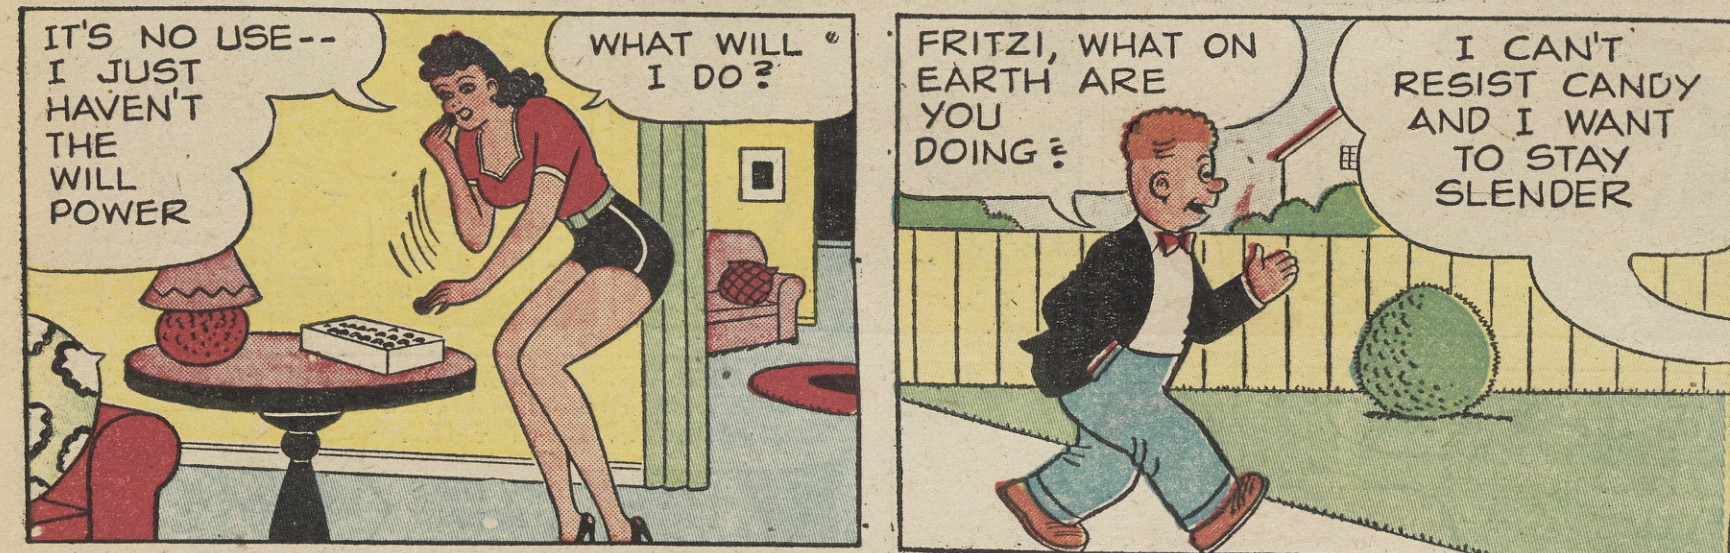

IT AIN'T NEVER TOO LATE FOR THE PARENT T' SQUARE A BUM DEAL THEY GAVE A KID...AND BESIDES, THEY GOT A LIFETIME O' LOVIN' T' MAKE IT UP IN...
